when russell nash was asked to move out to china to commission a mill in shanghai he had no idea that it would be the start of a whole new life in the orient after having worked for more than twenty years in the animal feed business and watching his children grow up russell found himself in a dull life and a stagnant marriage it was time for a change and a business trip to china was to be the catalyst for russell s personal revolution despite the noise strange food and the lack of proper queuing etiquette russell slowly fell under china s spell and before long found himself

returning to the great nation for good entranced by the women of whom he has plenty of stories to tell and mesmerised by the unique culture russell s adventures abroad are certainly exotic and a world apart from the safe predictable life he d known in britain funny cutting vivid and often explicit yellow fever is the story of russell s first three years in china and the women who made him want to stay

the art of elam ca 4200 525 bc offers a view of and a critical reflection on the art history of one of the world s first and least known civilizations illuminating a significant chapter of our human past not unlike a gallery of historical paintings this comprehensive treatment of the rich heritage of ancient iran showcases a visual trail of the evolution of human society with all its leaps and turns from its origins in the earliest villages of southwest iran at around 4200 bc to the rise of the achaemenid persian empire in ca 525 bc richly illustrated in full colour with 1450 photographs 190 line drawings and digital reconstructions of hundreds of artefacts some of which have never

before been published the art of elam goes beyond formal and thematic boundaries to emphasize the religious political and social contexts in which art was created and functioned such a magisterial study of elamite art has never been written making the art of elam ca 4200 525 bc a ground breaking publication essential to all students of ancient art and to our current understanding of the civilizations of the ancient near east
