high modulus polyethylene hmpe rope is one of the strongest most durable and innovative ropes on the market today the rope is made of high modulus polyethylene the hmpe ropes are impregnated with durable coating to reduce abrasion and extend the service life

uhmwpe rope hmpe rightrope com
Apr 21 2024

12 strand uhmwpe ultra high molecular weight polyethylene aka hmpe high modulus polyethylene stronger than steel wire rope of equal size great for winch lines lifting slings great abrasion and uv resistance lightweight

hmpe dyneema ropes slings tethers
stronger than steel Mar 20 2024

a variety of ropes made with the worlds strongest man made fibre for most applications we produce the products with hmpe dyneema fibres sk75 and sk78 on request we produce ropes with sk99 dm20 fibres and with xbo treatment

hmpe rope buy today from access ropes free shipping Feb 19 2024

hmpe rope is an extremely high strength line it is stronger than steel yet only a fraction of the weight making it a popular alternative to wire rope our uhmwpe rope exceeds iso 10325 standards is competitively priced and comes with free delivery in the uk so contact us today with your needs

hmpe lifting ropes slings holloway Jan 18 2024

hmpe rope is a high performance rope made from ultra high molecular weight polyethylene uhmwpe it is known for its strength toughness and durability hmpe rope is also resistant to chemicals uv radiation and abrasion

hmpe 12 strand synthetic hmpe rope ultra strong working Dec 17 2023

hmpe rope has an extremely low density and it has a strength to weight ratio that is 8 time higher than high strength steel the molecular alignment and gel spinning process allows the fibers to perform better and is the reason hmpe ropes soft shackles and winch lines float whereas steel wire sinks hmpe ropes used for different products
