and closes with the reward of the saints a jewish biblical scholar  
nativ brings a unique often startling perspective to the book of  
revelation basing his theories in hebraic concepts not doctrine or  
dogma nativ takes the reader on an exciting step by step  
journey through the hebrew texts the original language of the  
bible and through painstaking analysis breathes new life into the  
words of the old testament prophets the apostles and jesus take  
for example the word armageddon long interpreted as the  
ultimate battle between good and evil nativ uses his extensive  
hebrew knowledge to show it is a place not a battle and  
introduces the ancient hebrew concept of a place of refuge as  
proof should nativ be correct not only will he change the  
theology but dictionary definitions as well equally startling is  
his discussion of revelation chapter nine regarding the opening  
of the bottomless pit and the release of the awesome creatures  
within nativ not only explains what they are their origins and  
their purpose but most surprising the creatures present location  
as they await the ending of the age perhaps most controversial  
of all is nativ s answer to the long asked question regarding the  
identity of the beast and the meaning of the number 666 not  
only will the reader be dumbfounded by the simplicity of nativ  
s answer but horrified by the proximity nativ is not dogmatic  
he does not expect everyone to agree with his study s  
conclusions but instead challenges the reader to prove him
