## **Historical Perspectives on the American Economy 1995-05-26**

that the self is performed created through action rather than having a prior existence has been an important methodological intervention in our understanding of human experience it has been particularly significant for studies of gender helping to destabilise models of selfhood where women were usually defined in opposition to a male norm in this multidisciplinary collection scholars apply this approach to a wide array of historical sources from literature to art to letters to museum exhibitions which survive from the medieval to modern periods in doing so they explore the extent that using a model of performativity can open up our understanding of women s lives and sense of self in the past they highlight the way that this method provides a significant critique of power relationships within society that offers greater agency to women as historical actors and offers a challenge to traditional readings of women s place in society an innovative and wide ranging compilation this book provides a template for those wishing to apply performativity to women s lives in historical context this book was originally published as a special issue of women s history review

## **The Social Survey in Historical Perspective, 1880-1940 1991**

napoleon has long suffered from his detractors this book is not a biography but a perspective based on over a decade of my lectures on the subject and an effort to base a historical analysis of the era on sound historical sources and in the proper context in order to redress what i view as the failings of napoleonic historiography the historical analysis and interpretation of napoleons role actions and consequences to be flawed and tainted by a popular acceptance of historical interpretations proffered by british and commonwealth scholars that have portrayed him as a reactionary dictator driven by insatiable ambition to heights and then brought low by a coalition of liberating nations this interpretation is at best misleading and the byproduct of british political goals during the napoleonic wars brilliantly articulated and proselytized with wartime propaganda and their aftermath propaganda often outlasts its purposes to become national myth in this case it has retained its hold on popular opinion as a result of intellectual laxity and resistance in challenging existing norms and opinions which affects both the general reader as well as historians now let the debate begin

## ***Islam in Historical Perspective 2009***

history what and why is a highly accessible introductory survey of historians views about the nature and purpose of their subject it offers a historical perspective and clear guide to contemporary debates about the nature and purpose of history and a discussion of the traditional model of history as an account of the past as it was it assesses the challenges to orthodox views and examines the impact of marxism feminism and post colonialism on the study of history this second edition has been updated to reflect the continuing and still increasing debate surrounding these issues in particular it discusses historians fear of postmodernism holocaust denial and the irving lipstadt libel trial the future of the past in the light of the postmodern challenge for anyone teaching learning or studying history this is a must

## **Economics of Unemployment 1983-01-01**

corporate networks the links between companies and their leaders reflect a country's economic organization and its corporate governance system most research on corporate networks focuses on individual countries or particular time periods however making fruitful comparisons over longer periods of time difficult this book provides a unique long term analysis of the rise consolidation decline and occasional re emergence of these networks in fourteen countries across north and south america europe and asia in the 20th and early 21st centuries in this volume the editors bring together the most internationally well known specialists to investigate the long term development of corporate networks using a combination of quantitative and qualitative research approaches the authors describe the main developments and changes in the corporate network over time by focusing on important network indicators in benchmark years and identify historical explanations for these developments this unique long term perspective allows readers insight into how and why national corporate networks have evolved over time

## **Merchant Credit and Labour Strategies in Historical Perspective 1990**

the present work contributes to a better understanding of the english system of degree by means of a study of a number of aspects in the evolution of adjective comparison that have so far either been considered controversial or not been counted for at all as will be shown the diachronic aspects analysed will also have synchronic implications furthermore unlike previous synchronic as well as diachronic accounts of adjective comparison this monograph does not concentrate on the standard comparative strategies i e inflectional and periphrastic forms only but also deals with double periphrastic comparatives thus providing an analysis of the whole range of comparative structures in english

## ***The Mechanised Image 1978***

this book advances current theoretical understandings of punishment and control in society providing a critical analysis of institutions punishment and the law

## **International Law in Historical Perspective 1978-08-18**

growing up in america offers substantial and dramatic evidence that the history of childhood has come of age its authors demonstrate the breadth and depth of interest as well as high quality of work in a field that is finally attracting the attention it deserves strongly influenced by new social history and its concern for the powerless and inarticulate growing up in america provides illuminating insights on children from infancy to adolescence and from the colonial period to present the very title of this fine and enormously instructive anthology of essays makes its quiet but important point that children grow up in a particular nation rather than in a family or home isolated from the influence of social cultural political and historical forces an admirably diverse and instructive collection georgia historical quarterly

## **India's Kathak Dance in Historical Perspective 2014-09-28**

a historical perspective of african americans is a critical anthology of classic essays primary documents interviews and contemporary analyses of

the history and culture of people of african descent in the united states a readable and engaging alternative to the standard african american studies textbook the book incorporates multiple perspectives from specialists in the fields of history literature philosophy art history political science ethnic studies and african american studies the combination of these scholarly works with excerpts from slave narratives and ethnic and mainstream press articles conveys the triumphs and struggles of african americans from the colonial era through the 1960s the anthology begins with the history of the discipline of african american studies and offers an overview of the historical significance and meaning of the academic study of african american life subsequent essays are organized chronologically collected from historians scholars activists source experts and many others these selections demonstrate the complexity of african american lives in addition film recommendations throughout the book provide opportunities to extend and deepen student understanding the collection focuses especially on strategies of black resistance to marginalization disenfranchisement and genocide and is a critical work of scholarship for students and readers interested in understanding the african american people and their crucial journey of survival and persistence bridget r cooks is assistant professor in the department of art history and the african american studies program at the university of california irvine her scholarship focuses on critical race theory art history and american museums
