**Ireland's Gramophones 2015-09-01** (Read Only)

---

because gramphonic technology grew up alongside ireland s progressively more outspoken and violent struggles for political autonomy and national stability irish modernism inherently links the gramophone to representations of these dramatic cultural upheavals many key works of irish literary modernism like those by james joyce elizabeth bowen and sean o casey depend upon the gramophone for their ability to record irish cultural traumas both symbolically and literally during one of the country s most fraught developmental eras in each work the gramophone testifies of its own complexity as a physical object and its multiform value in the artistic development of textual material in each work too the object seems virtually self placed less an aesthetic device than a thing belonging primordially to the text the machine is also often an agent and counterpart to literary characters thus the gramophone points to a deeper connection between object and culture than we perceive if we consider it as only an image enhancement or instrument this book examines the gramophone as an object that refuses to remain in the background of scenes in which it appears forcing us to confront its mnemonic heritage during a period of irish history burdened with political and cultural turbulence

reconnaissance missions to its use as a training machine and later as a display aircraft the book also features photographs never seen before in print this detailed history of this iconic and much loved jet fighter will appeal to all aviation fans bond has done a great job with this book with many personal accounts of the people that were involved every day in the life of the meteor highly recommended international plastic modelers society usa

## **Screening Twilight 2011-07-15**

the twilight saga a series of five films adapted from stephanie meyer s four vampire novels has been a sensation both at the box office and through the attention it has won from its predominantly teenaged fans this series has also been the subject of criticism and sometimes derision often from critics and on occasion even from fans however it also offers rich opportunities for analytic and critical attention which the contributors to screening twilight demonstrate with energy and style through examining twilight the book unpacks how this popular group of films work as cinematic texts what they have to say about cinema and culture today and how fans may seek to re read or subvert these messages the chapters address twilight in the context of the vampire and myth in terms of genre and reception identity gender and sexuality and through re viewing the series fandom screening twilight is also a revelation of how a popular cinematic phenomenon like twilight rewards close attention from contemporary critical scholars of cinema and culture
