Educating through Popular Culture 2017-03-01

this edited volume serves as a place for teachers and scholars to begin seeking ways in which popular culture has been effectively tapped for research and teaching purposes around the country the contents of the book came together in a way that allowed for a detailed examination of teaching with popular culture on many levels the first part allows teachers in prek 12 schools the opportunity to share their successful practices the second part affords the same opportunity to teachers in community colleges and university settings the third part shows the impact of us popular culture in classrooms around the world the fourth part closes the loop to some extent showing how universities can prepare teachers to use popular culture with their future prek 12 students the final part of the book allows researchers to discuss the impact popular culture plays in their work it also

seeks to address a shortcoming in the field while there are outlets to publish studies of popular culture and outlets to publish pedagogical practitioner pieces there is no outlet to publish practitioner pieces on studying popular culture in spite of the increased popularity and legitimacy of the field

DVD, Blu-ray and Beyond 2017-11-03

this book demonstrates in contrast to statistics that show declining consumption of physical formats that there has not been a mass shift towards purely digital media physical releases such as special editions dvd box sets and blu rays are frequently promoted and sought out by consumers and that past formats such as vhs laserdisc and hd dvd make for sought after collectible items these trends are also found within particular genres and niche categories such as documentary education and independent film distribution through its case studies this collection makes a distinctive and significant intervention in highlighting the ways in which the film industry has responded to rapidly changing markets this volume global in scope will prove useful to those studying the distribution and exhibition of films and the economics of the film industry around the world

Empowering citizenship through journalism, information, and entertainment in Iberoamerica 2009

understanding sound tracks through film theory breaks new ground by redirecting the arguments of foundational texts within film theory to film sound tracks walker includes sustained analyses of particular films according to a range of theoretical approaches psychoanalysis feminism genre studies post colonialism and queer theory the films come from disparate temporal and industrial contexts from classical hollywood gothic melodrama rebecca to contemporary critically acclaimed science fiction gravity along with sound tracks from canonical american films including the searchers and to have and have not walker analyzes independent australasian films examples include heavenly creatures a new zealand film that uses music to empower its queer female protagonists and ten canoes the first australian feature film with a script entirely in aboriginal languages understanding sound tracks through film theory thus not only calls new attention to the significance of sound tracks but also focuses on the sonic power of characters representing those whose voices have all too often been drowned out understanding sound tracks through film theory is both rigorous and accessible to all students and scholars with a grasp of cinematic and musical structures moreover the book brings together film studies musicology history politics and culture and therefore resonates across the liberal arts

Understanding Sound Tracks Through Film Theory 2015-02-03

like the haggadah the traditional telling of the story of the israelites exodus from egypt that is read at the passover seder cinema offers a valuable text from which to gain an understanding of the social political and cultural realities of jews in america in an industry strongly influenced by jewish filmmakers who made and continue to make the decisions as to which films are produced the complex and evolving nature of the american jewish condition has had considerable impact on american cinema and in particular on how jews are reflected on the screen this groundbreaking study analyzes select mainstream films from the beginning of the sound era to today to provide an understanding of the american jewish experience over the last century in the first half of the twentieth century hollywood s movie moguls most of whom were jewish shied away from asserting a jewish image on the screen for fear that they might be too closely identified with that representation over the next two decades jewish moviemakers became more comfortable with the concept of a jewish hero and with an overpowered yet heroic israel in time the holocaust assumed center stage as the single event with the greatest effect on american jewish identity recently as american jewish screenwriters directors and producers have become increasingly comfortable with their heritage we are seeing an unprecedented number of movies that spotlight jewish protagonists experiences and challenges
