few churches today can trace their lineage as far back as the copts their ancient traditions and rituals go back as far as the very beginnings of christianity for centuries they have withstood many trials and martyrdoms but in the twentieth century many copts left their homeland and scattered all over the earth seeking prosperity and security many went to the west but many others went to the heart of the islamic world the arabian gulf they took their faith with them into this new and challenging environment in this context hybrid forms of spirituality emerged anchored in the ancient practices but sharpened by contact with globalisation this migrant spirituality characterises their stories and touches the heart of what it means to be a christian sojourner today

Keeping the Faith in Exile: Kuwait-Coptic Orthodox Diasporic Spirituality

2023-11-13

the central thesis of lawrence hogue s book is that criticism of afro american literature has left out of account the way in which ideological pressures dictate the

canon this fresh approach to the study of the social ideological and political dynamics of the afro american literary text in the twentieth century based on the foucauldian concept of literature as social institution examines the universalization that power effects how literary texts are appropriated to meet ideological concerns and needs and the continued oppression of dissenting voices hogue presents an illuminating discussion of the publication and review history of major and neglected texts he illustrates the acceptance of texts as exotica as sociological documents or as carriers of sufficient literary conventions to receive approbation although the sixties movement allowed the text to move to the periphery of the dominant ideology providing some new myths about the afro american historical past this marginal position was subsequently sabotaged co opted or appropriated afros became a fad presidents gave the soul handshake the hip talking black was dressing one style and talking another this study includes extended discussion of four works ernest j gaines s the autobiography of miss jane pittman alice walker s the third life of grange copeland albert murray s train whistle guitar and toni morrison s sula hogue assesses the informing worldviews of each and the extent and nature of their acceptance by the dominant american cultural apparatus

1896

for some time the conventional wisdom in the interdisciplinary field of holocaust studies is that sociologists have neglected this subject matter but this is not really the case in fact there has been substantial sociological work on the holocaust

although this scholarship has often been ignored or neglected including in the discipline of sociology itself sociology and the holocaust brings this scholarly tradition to light and in doing so offers a comprehensive synthesis of the vast historical and social science literature on the before during and after of the holocaust a tour d horizon from an explicitly sociological perspective as such the aim of the book is not simply to describe the chronology of events that culminated in the deaths of 6 million jews but to draw upon sociology s theoretical toolkit to understand these events and the ongoing legacy of the holocaust sociologically

how can a society prevent not deter not punish but prevent crime criminal justice prevention commonly called crime control aims to prevent crime after an initial offence has been committed through anything from an arrest to a death penalty sentence these traditional means have been frequently examined and their efficacy just as frequently questioned promising new forms of crime prevention have emerged and expanded as important components of an overall strategy to reduce crime crime prevention today has developed along three lines interventions to improve the life chances of children and prevent them from embarking on a life of crime programs and policies designed to ameliorate the social conditions and institutions that influence offending and the modification or manipulation of the physical environment products or systems to reduce everyday opportunities for crime each strategy aims at preventing crime or criminal offending in the first instance before the act has been committed each importantly takes place outside of the formal criminal justice system representing an alternative perhaps even socially progressive way to reduce crime the oxford handbook of crime prevention is a comprehensive up to date and authoritative review of research on crime prevention bringing together top scholars in criminology public policy psychology and sociology this handbook includes critical reviews of the main theories that form the basis of crime prevention evidence based assessments of the effectiveness of the most important interventions and cross cutting essays that examine implementation evaluation methodology and public policy covering the three major crime prevention strategies active today developmental community and situational this definitive volume addresses seriously and critically the ways in which the united states and the western world have attempted and should continue to strive for the of crime

In Search of the Sacred

1996-01-01

d h lawrence remains one of the most popular and studied authors of the 20th century this book is a comprehensive but easy to use reference guide to lawrence s life works and critical reception the volume has been systematically structured to convey a coherent overall sense of lawrence s achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of lawrence s career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text the book begins with an original biography by john worthen one of the world s foremost authorities on lawrence s life and work the chapters that follow provide separate entries for all of lawrence s works except for individual poems and paintings with

critical summaries discussions of characters and details of settings there is also a complete overview of lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies maps and chronologies further trace lawrence s travels and his development over time
