Golf Manual for Teachers

1949

literary fiction in germany has long been a medium for contemplation of the nation and questions of national identity from the mid 1990s in the wake of heated debates on the future direction of culture politics and society in a more normal united country german literature has become increasingly diverse and seemingly disparate at the one extreme it represents the attempt to reinvent german traditions at the other the unmistakable influence of anglo american forms and pop literature a shared concern of almost all of recent german fiction however is the contemporary debate on globalisation its nature impact and consequences for local culture in its engagement with globalisation the literature of the berlin republic continues the long established practice of reflection on what it is to be german this book investigates literary responses to the phenomenon of globalisation the subject is approached from a wide range of thematic and theoretical perspectives in twelve chapters which taken together also provide an overview of german fiction from the mid 1990s to the present the book serves both as an introduction to contemporary german literature for university students of german and as a resource for scholars interested in culture and society in the berlin republic
