species foreword by chuck hagel former secretary of defense and senator from nebraska adaptable cunning ferocious fearless the indochinese tiger is just one of the formidable predators roaming vietnam s jungle in 1966 a small band of us special forces soldiers most especially bennie adkins spent four grueling days facing down the tiger among them while the rain and mist of an early march moved over the valley then sergeant first class bennie adkins and sixteen other green berets found themselves holed up in an undermanned and unfortified position at camp a shau a small training and reconnaissance camp located right next to the infamous ho chi minh trail north vietnam s major supply route and with the rain came the north vietnamese army in force surrounded 10 to 1 the green berets endured constant mortar and rifle fire direct assaults treasonous allies and volatile jungle weather but there was one among them who battled ferociously like a tiger and when they finally evacuated he carried the wounded to safety forty eight years later command sergeant major bennie adkins s valor was recognized when he received this nation s highest military award the medal of honor filled with the sights smells and sounds of a raging battle fought in the middle of a tropical forest a tiger among us is a riveting tale of bravery valor skill and resilience first published over sixty years ago this book will appeal to all those who have experienced the beauty and fascination of the indian jungles and who have seen its wild denizens whether of animal or bird life it provides an admirable account of sport and forest life in india as the title aptly suggests the author was mauled by a tiger on one of his adventures into the jungle a shocking story he narrates in this book and as the reader shall learn his two injured limbs had of course to be amputated what shines through is his love for the animals and the jungles despite the misadventure making this book so special in the same breath that the author narrates the story of the attack he ends the chapter with these golden words that make this book such a classic my ambition now is to be able to go back to india for the purpose of shooting these splendid brutes with a cine camera also noteworthy are the spectacular colour hand drawings of the jungle scenes created by the author himself the death of high school basketball star rob washington in an automobile accident affects the lives of his close friend andy who was driving the car and many others in the school a tiger goes shopping and buys one pink hat a diamond ring a red sports car and many other extraordinary things but is everything the tiger buys really so strange in a rural hamlet in southwestern korea in the 1950s a boy born in the year of the tiger works in the fields alongside his father and plays with his own handmade toys having just finished elementary school with no prospect of further schooling because of the poverty of his family charlie hungers for food and for knowledge true to his tiger birth sign he dares to leave his home penniless in search of a better life for himself and for his family his wanderings eventually lead him to america where he manages to earn his way through college while supporting his starving family back in his hometown and later bringing them to america his miraculous epic journey is truly inspirational tiger cubs explores the life of a tiger from birth to adulthood the title will show readers what baby tigers like to eat how long they rely on their mothers and at what ages they start learning new things aligned to common core standards and correlated to state standards abdo kids junior is an imprint of abdo kids a division of abdo malaya in the late 1960s was at last casting off the yoke of british colonial rule but harry tiger sullivan a retired military officer who had made is career in malaya for almost two decades had nowhere else to go well respected for his distinguished military service and even more so for his legendary skill in tracking and killing man eating tigers sullivan s life was a comfortable and well ordered one until the arrival of bob beresford a brash and very handsome australian melissa tremayne a lovely eighteen year old british expatriate bored with the slow pace of life in malaya had always been like the daughter

sullivan never had but one look at bob beresford makes melissa determined to win his not so fatherly affection the rivalry between the two men intensifies with the sudden appearance of a man eating tiger emerging from the jungle at unpredictable intervals to attack and terrorize malayan villagers bob wants the glory of killing the beast while melissa is pursuing a different kind of trophy bob himself sullivan finds himself drawn into a trial of manhood that he is unwilling to undertake the tension builds steadily toward a thrilling climax deep in the malayan jungle with rare skill caveney combines his themes the dilemma of aging the blind pursuit of romance a tiger s desperate struggle for survival into a thrilling and compelling tale the fascinating characters spring to life against the exotic background of maya in tiger tiger caveney spins a brilliant and touching story that will not soon be forgotten memoirs of a former general of the pakistan army and former federal minister in a tharu village in the nepal terai it has been uncommonly hot and dry one day a tiger comes people run away in fear the villagers think it is a bad omen and that the tiger has taken the rain best friends usha and anjali decide to ask tiger herself why she has taken the rain they set out for the jungle entering the forest they meet jackal who wants to know why they are there they tell jackal that they have come to ask tiger why she took the rain jackal asks them to follow him and he will help them find out where the rain went thus they start on an adventure from jackals story to being swept away into the tree tops by monkeys who tell their own side of the story tiger did not take the rain forest help make clouds rain comes from clouds and when the forests disappear so will the rain what happened to the forest and how can we bring it back monkey gives them the seeds they need to replenish the forest the girls return to the village plant seedlings and watch a new forest take shape the rain returns jackal tiger and monkey return deeper into the forest in the end anjali realizes that when the sun shines it shines down on humans and tigers together when it rains we share the same rain a book about a girl aged 8 who is a talent artist she paints a raggedy looking tiger onto an old red brick wall and it comes to life under a blue moon ana luisa amaral is considered to be one of the foremost portuguese poets of her day and although her poetry has been translated into many other languages this is the first major collection of her poems to be published in english born in oporto in 1956 and for many years professor of anglo american literature at the university of oporto ana luisa amaral published her first collection of poems minha senhora de que in 1990 and has since published many more along with plays children s literature a novel and translations from english her work has brought her many prizes both in portugal and elsewhere her poems are resolutely female but she casts her net very wide in terms of subject matter from tender poems about her daughter to thoughts provoked by finding a crumb lodged in the pages of a second hand book to musings about galileo the theory of relativity and the larger themes of loneliness loss and death she is a writer immersed in her own culture but steeped too in the poetry for example of emily dickinson and shakespeare and in the world of the bible and the greek myths the result is a poetry that takes equal pleasure in the physical and metaphysical playing with words and ideas a poetry that is always refreshingly oblique taking the reader down unexpected intellectual and linguistic paths her poetry invites readers to share her own wonder and perplexity at life s joys and griefs this picture book transports the reader into the bright dramatic world of a young tiger following his transformation from a tiny blind baby to a powerful young adult for each book sold money will go to the tiger trust there may be no more magnificent animal than the tiger yet around the world their populations are dwindling and the indian bengal tiger is no exception wild bengal tigers dwell in tropical jungles brush marsh lands and tall grasslands in bangladesh nepal india bhutan and burma hunting prey such as pigs deer antelope and buffalo some estimates say there

are fewer than 2 000 bengal tigers and the entire world tiger population may be less than 3 000 the life and fate of the indian tiger offers a unique perspective on these exquisite cats author tobias j lanz who has been studying indian tigers since 1998 incorporates historical and cultural topics as well as conservation and social theories into his narrative he paints a detailed portrait of the tiger s life in the wild enriching that picture with descriptions of the plant animal and human life found in india s diverse tiger habitats the book also looks at tigers in myth and religion tiger hunting and the rise of conservation each engaging chapter is a combination of social and historical narrative interspersed with the author s personal observations and analyses of places people and events knowledge gained from his research on indian history geography politics and religion is matched with the personal experiences he had while travelling across the subcontinent to visit tiger sanctuaries personal observations on local cultures scenery and wildlife are balanced by discussions with the indian people ranging from government officials to villagers the indian tiger continues to survive against great odds written in part to engage the reader in conservation efforts the life and fate of the indian tiger outlines the main programs and policies enacted to save the tiger in india lanz dedicates a final chapter to global efforts at tiger conservation explaining what can and must be done to safeguard the future of one of the world s rarest and most beautiful creatures describes the physical characteristics and behavior of tigers when a normally mellow tiger at a rescue facility trees a terrified vet animal behaviorist grace wilde needs to use her psychic ability to get to the root of the problem a tiger can t change his stripes but if his behavior changes suddenly there s a reason so when even tempered boris the siberian tiger goes into attack mode grace knows there s more to the story something is agitating the big cat as she uses her telepathic ability to calm the tiger she realizes he has witnessed a theft not of something but of someone a teenaged volunteer at the animal rescue facility has been taken kidnapped the problem is brooke ligner s parents believe their troubled daughter ran away and grace can t exactly reveal her source even though sexy cop kai duncan is aware of grace s secret ability he can t initiate an investigation based on the word of a tiger now as grace searches for solid clues to rescue the missing teen it s the human predators she ll need to watch out for
