the relationship between eternity and time is a common subject for theologians and philosophers what difference does it make for this discussion that god became man and inhabited time in jesus christ in god s time for us james j cassidy examines the theology of karl barth to show that god is our father who does not neglect us for lack of time he is the god who has time to be with us god also quite literally has time in his own being by virtue of the incarnation cassidy shows that barth seeks a rapprochement between eternity and time which is overcome by jesus christ there is today a resurgence in interest in the theology of barth especially among evangelicals yet barth is often read without discernment and discussed in churches with

understanding cassidy illuminates his thought so evangelicals can make a better more well informed appraisal of the man and his theology
