Order and Justice in International Relations 2003-02-13

the relationship between international order and justice has long been central to the study and practice of international relations for most of the twentieth century states and international society gave priority to a view of order that focused on the minimum conditions for coexistence in a pluralist conflictual world justice was seen either as secondary or sometimes even as a challenge to order recent developments have forced a reassessment of this position firstly many trends in the 1990s increased expectations of greater justice within a liberal and liberalizing international order for example in relation to human rights humanitarian intervention collective security and self determination second globalization deepened the sense of ideational and material interdependence prompting acknowledgement that we co exist in a single world and that effective solutions to shared problems cannot be achieved without a concern for justice especially as the negative aspects of globalization have become more evident third claims to justice and critiques of the existing order have been forcefully pressed by an increasing range of non governmental and other groups within transnational civil society these three developments suggest movement towards a greater solidarist consciousness and ambition based primarily on a liberal vision of the relationship between order and justice this book sets current concerns within a broad historical and theoretical context explores the depth and scope of this presumed solidarism amidst the difficulties of acting on the basis of a more strongly articulated liberal position and

underscores the complexity and abiding tensions inherent in the relationship between order and justice chapters examine a wide range of state and transnational perspectives on order and justice including those from china india russia the united states and the islamic world other chapters investigate how the order justice relationship is mediated within major international institutions including the united nations the world trade organization and the global financial institutions

Justice and the Social Order 1943

this new liberty fund edition of james mcclellan s classic work on the quest for liberty order and justice in england and america includes the author s revisions to the original edition published in 1989 by the center for judicial studies unlike most textbooks in american government liberty order and justice seeks to familiarize the student with the basic principles of the constitution and to explain their origin meaning and purpose particular emphasis is placed on federalism and the separation of powers these features of the book together with its extensive and unique historical illustrations make this new edition of liberty order and justice especially suitable for introductory classes in american government and for high school students in advanced placement courses

Justice in America 1972

undoubtedly one of the paragons of public international law in contemporary times colin warbrick is truly held in high esteem by his peers at home and abroad his breadth of knowledge is reflected in a large number of scholarly works and in his appointment as a specialist adviser to the select committee on the constitution of the house of lords and as a consultant to both the council of europe and osce this festschrift celebrates on his retirement as barber professor of jurisprudence at birmingham university his extraordinary talent and academic career by bringing together a group of eminent judges practitioners and academics to write on international human rights international criminal justice and international order and security fields in which professor warbrick has left an indelible mark

Liberty, Order, and Justice 2000

this book provides a contextual account of the first anarchist theory of war and peace and sheds new light on our contemporary understandings of anarchy in international relations although anarchy is arguably the core concept of the discipline of international relations scholarship has largely ignored the insights of the first anarchist pierre joseph proudhon proudhon s anarchism was a critique of the projects of national unification universal dominion republican statism and the providentialism at the heart of enlightenment social theory while his break with the key tropes of modernity pushed him to the margins of political theory prichard links proudhon back into the republican tradition of political thought from which his ideas emerged and shows how his defence of anarchy was a critique of the totalising modernist projects of his contemporaries given that we are today moving beyond the very statist processes proudhon objected to his writings present an original take on how to institutionalise justice and order in our radically pluralised anarchic international order rethinking the concept and understanding of anarchy justice order and anarchy will be of interest to students and scholars of political philosophy anarchism and international relations theory

free will is a key but contested concept in the work of jean jacques rousseau while the famed philosopher is known to have asserted that free will distinguishes human beings from animals several interpreters have argued that he merely pretends to have this belief for the sake of healthy politics and to avoid persecution by religious authorities through careful readings of key texts and letters the free animal offers a new and original exploration of rousseau s views on free will lee maclean shows that rousseau needs and uses the idea of human consciousness of free will to explain the development of morality convention and vice maclean bases her argument on a broad range of texts from canonical works to rousseau s untranslated letters and drafts featuring careful analyses and an extensive engagement with the secondary literature the free animal offers a novel interpretation of the changing nature and complexity of rousseau s intention

Consolidated Laws of the Colony of British Honduras 1887

Section 100 of the Consolidated Laws of the Colony of British Honduras, 1887, provides that the Governor may, with the consent of the Executive Council, make regulations for the better government of the Colony. The regulations made under this section are contained in the Statutory Instruments of the Colony.

Statutory Instruments Other Than Those of a Local, Personal Or Temporary Character 1909

Section 7 of the Statutory Instruments Act, 1909, provides that the Governor may, with the consent of the Executive Council, make regulations for the better government of the Colony. The regulations made under this section are contained in the Statutory Instruments of the Colony.
