examines how the fall of constantinople to the turkish ottomans in 1453 marked the official end of the byzantine empire

The Siege and the Fall of Constantinople in 1453

2017-05-02

this major study is a comprehensive scholarly work on a key moment in the history of europe the fall of constantinople to the ottoman turks in 1453 the result of years of research it presents all available sources along with critical evaluations of these narratives the authors have consulted texts in all relevant languages both those that remain only in manuscript and others that have been printed often in careless and inferior editions attention is also given to folk history as it evolved over centuries producing prominent myths and folktales in greek medieval russian italian and turkish folklore part i the pen addresses the complex questions introduced by this myriad of original literature and secondary sources

The Fall of Constantinople to the Ottomans

2014-06-11

the fall of constantinople to the ottomans in 1453 marked the end of a thousand years of the christian roman empire thereafter world civilisation began a process of radical change the west came to identify itself as europe the russians were set on the path of autocracy the ottomans were transformed into a world power while the greeks were left exiles in their own land the loss of constantinople created a void how that

void was to be filled is the subject of this book michael angold examines the context of late byzantine civilisation and the cultural negotiation which allowed the city of constantinople to survive for so long in the face of ottoman power he shows how the devastating impact of its fall lay at the centre of a series of interlocking historical patterns which marked this time of decisive change for the late medieval world this concise and original study will be essential reading for students and scholars of byzantine and late medieval history as well as anyone with an interest in this significant turning point in world history

fall of constantinople

1886

a gripping exploration of the fall of constantinople and its connection to the world we live in today the fall of constantinople in 1453 signaled a shift in history and the end of the byzantium empire roger crowley s readable and comprehensive account of the battle between mehmet ii sultan of the ottoman empire and constantine xi the 57th emperor of byzantium illuminates the period in history that was a precursor to the current conflict between the west and the middle east for a thousand years constantinople was quite simply the city fabulously wealthy imperial intimidating and christian singlehandedly it blunted early arab enthusiasm for holy war when a second wave of islamic warriors swept out of the asian steppes in the middle ages constantinople was the ultimate prize the red apple it was a city that had always lived under threat on average it had survived a siege every forty years for a millennium until the ottoman sultan mehmet ii twenty one years old and hungry for glory rode up to the walls in april 1453 with a huge army numberless as the stars 1453 is the taut vivid story of this final struggle for the city told largely through the accounts of eyewitnesses for fifty five days a tiny group of defenders defied the huge ottoman army in a seesawing contest fought on land at sea and underground during the course of events the largest cannon ever built was directed against the world s most formidable defensive system ottoman ships were hauled overland into the golden horn and the morale of defenders was crucially undermined by unnerving portents at the center is the contest between two inspirational leaders mehmed ii and constantine xi fighting for empire and religious faith and an astonishing finale in a few short hours on may 29 1453 a defining moment for medieval history 1453 is both a gripping work of narrative history and an account of the war between christendom and islam that still has echoes in the modern world

1959

the fall of constantinople was an event which had great repercussions across both east and west why did it happen how did it happen and what was the aftermath in this book you ll discover the most scintillating and relevant details

1453

2013-02-12

includes pictures includes a bibliography for further reading in terms of geopolitics perhaps the most seminal event of the middle ages was the successful ottoman siege of constantinople in 1453 the city had been an imperial capital as far back as the 4th century when constantine the great shifted the power center of the roman empire there effectively establishing two almost equally powerful halves of antiquity s greatest empire constantinople would continue to serve as the capital of the byzantine empire even after the western

half of the roman empire collapsed in the late 5th century naturally the ottoman empire would also use constantinople as the capital of its empire after their conquest effectively ended the byzantine empire and thanks to its strategic location it has been a trading center for years and remains one today under the turkish name of istanbul the end of the byzantine empire had a profound effect not only on the middle east but europe as well constantinople had played a crucial part in the crusades and the fall of the byzantines meant that the ottomans now shared a border with europe the islamic empire was viewed as a threat by the predominantly christian continent to their west and it took little time for different european nations to start clashing with the powerful turks in fact the ottomans would clash with russians austrians venetians polish and more before collapsing as a result of world war i when they were part of the central powers the ottoman conquest of constantinople also played a decisive role in fostering the renaissance in western europe the byzantine empire s influence had helped ensure that it was the custodian of various ancient texts most notably from the ancient greeks and when constantinople fell byzantine refugees flocked west to seek refuge in europe those refugees brought books that helped spark an interest in antiquity that fueled the italian renaissance and essentially put an end to the middle ages altogether the fall of constantinople traces the history of the formation of the ottoman empire the siege that toppled the city and the dissolution of the byzantine empire along with pictures depicting important people places and events you will learn about the fall of constantinople like never before in no time at all

The Fall of Constantinople

1885

in this detailed account of the fourth crusade edwin pears describes the events surrounding the fall of constantinople to the ottoman turks in 1453 pears examines the political and religious tensions that led

the Fall of Constantinople

1957

byzantium was the last bastion of the roman empire following the fall of the western roman empire it fought for survival for eight centuries until in the mid 15th century the emperor constantine xi ruled just a handful of whittled down territories an empire in name and tradition only this lavishly illustrated book chronicles the history of byzantium the evolution of the defenses of constantinople and the epic siege of the city which saw a force of 80 000 men repelled by a small group of determined defenders until the turks smashed the city s protective walls with artillery regarded by some as the tragic end of the roman empire and by others as the belated suppression of an aging relic by an ambitious young state the impact of the capitulation of the city resonated through the centuries and heralded the rapid rise of the islamic ottoman empire

The Fall of Constantinople

2020-01-20

the roman empire did not meet its end when barbarians sacked the city of seven hills but rather a thousand

years later with the fall of constantinople capital of the surviving eastern empire the ottoman turks who conquered the city aslo known to us as byzantium would force a tense centruy of conflict in the mediterranean culminating in the famous battle of lepanto the first book in a triptych depicting this monumental confrontation between a muslim empire and christendom the fall of constantinople brilliantly captures a defning moment in the two creeds history too often eclipsed by the crusades

The Fall of Constantinople

2018-02-04

engagingly fresh and vivid the 21 year old mehmet the ottoman sultan emerges from this book as ruthless but innovative irascible but versatile and above all indefatigable a worthy successor to alexander and the roman emperors he admired as much as any muslim hero malise ruthven sunday timesin the spring of 1453 the ottoman turks advanced on constantinople in pursuit of an ancient islamic dream capturing the thousand year old capital of christian byzantium during the siege that followed a small band of defenders outnumbered ten to one confronted the might of the ottoman army in an epic contest fought on land sea and underground in this account of the 1453 siege written in crackling prose by former istanbul resident roger crowley his first book and not i hope his last we are treated to narrative history at its most enthralling christopher silvester daily express a vivid and readable account of the siege and an excellent traveller s guide to how and why istanbul became a muslim city philip mansel guardian
