the groundbreaking investigative story of how three successive presidents and their military commanders deceived the public year after year about the longest war in american history unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy the pacific war papers is an annotated collection of extremely rare japanese primary source documents translated into english that provides an invaluable resource for historians and students of world war ii these naval and diplomatic documents come from the collection of the late gordon prange the eminent scholar of pearl harbor who obtained them from japanese naval leaders while working for the military history section of the american forces that occupied japan donald m goldstein and katherine v dillon have assembled this collection so that these important documents are not lost to history the editors also provide expert commentary to introduce and explain the importance of the materials this book forms the companion volume to the pearl harbor papers inside the japanese plans brasseys inc 1993 which goldstein and dillon also edited most of the documents published here are not available anywhere else with many translated for the first time this edited collection covers three main topics the japanese navy before world war ii prewar diplomacy and politics and japanese naval operations and policy during the war the documents include diary extracts and candid short monographs written by high ranking japanese officers immediately after the war they shed new light on the vast naval buildup before the war the development of the navy s operational concepts for war with the united states the organization and tactics of aircraft carrier forces and the failure of japanese submarine operations no world war ii library will be complete without this important volume in a scrap of paper isabel v hull compares wartime decision making in germany great britain and france weighing the impact of legal considerations in each she demonstrates how differences in state structures and legal traditions shaped the way the three belligerents fought the war hull focuses on seven cases belgian neutrality the land war in the west the occupation of enemy territory the blockade unrestricted submarine warfare the introduction of new weaponry and reprisals a scrap of paper reconstructs the debates over military decision making and clarifies the role law played where it constrained action where it was manipulated where it was ignored and how it developed in combat in each case a scrap of paper is a passionate defense of the role that the law must play to govern interstate relations in both peace and war excerpt from papers for war time christianity and war great britain is engaged in a war from which as we believe there was offered to our nation no honourable way of escape the desire of all who love their country is to serve it in the hour of its need and so to live and labour that those who have fallen in its service may not have died in vain while this may suffice to make immediate duty clear the war remains in the deepest sense a challenge to christian thought the present bitter struggle between nations which for centuries have borne the christian name indicates some deep seated failure to understand the principles of christ and to apply them to human affairs this series of papers embodies an attempt to reach by common thought discussion and prayer a truer understanding of the meaning of christianity and of the mission of the church to the individual to society and to
