detailed explanatory answers to 581 actual questions from the 1992 multistate bar exam explains not only why the right answer is right but also why the wrong answers are wrong and how to take the bar exam the bar examination tests legal reasoning none of the four choices might be correct likewise more than one answer may be correct the examinee must choose the best choice of the given choices failing to see that fact alone costs many students their pass wrong answers are less exact less accurate or outright wrong as compared to the correct answer which is most accurate of given choices or the most likely argument to be accepted by the court on existing law or a good faith argument thereon in other words the best answer is not necessarily correct furthermore the least wrong answer is still best these are the actual questions asked on the bar exam which were released by the national conference of bar examiners ncbex the ncbe released those questions and retains copyright over them use of these questions does not constitute an endorsement by the ncbe the explanations are complete and include vital test taking tips for the bar exam no copyright is claimed as to the questions the
