project management the certified associate in project management capm exam official cert guide features complete coverage of all capm exam topics do i know this already quizzes which help you identify knowledge gaps chapter exercises to review key concepts a suggested study plan to optimize your final review this complete

study package offers a deep dive on capm exam topics organizing for project performance predicative methodologies adaptive frameworks measurement tracking and managing uncertainty business analysis frameworks and domains and more pearson is an authorized content provider for pmi organizations with standardized practices attain better results as shown in our 2015 pulse of the profession report because the capm recognizes your knowledge of the profession s preeminent global standard you ll stand out to employers and be poised to move ahead project management is a rapidly growing profession through 2020 1 57 million new jobs will be created each year and qualified practitioners are in demand with the capm you ll be on the fast track to opportunity preparing for the pmi capm exam to become a certified associate in project management here we ve brought 600 exam questions for you so that you can prepare well for this exam unlike other online simulation practice tests you get an ebook version that is easy to read remember these questions you can simply rely on these questions for successfully certifying this exam certified associate in project management capm certification these questions are similar to the ones asked in the actual test how should i know i know because although i have been working as a project manager for many years i have myself recently certified with the latest version of the certification test before you start here are some key features of the certification exam eligibility requirements education secondary diploma high school diploma global equivalent eligibility requirements project experience 1 500 hours of professional experience on a project team or 23 contact hours of formal education the exam is computer based and you have 180 minutes to answer 150 questions the questions are mostly multiple choice type and there is no penalty for an incorrect answer some of the questions have more than one correct answer you must get all the options correct for you to be awarded points you are not allowed to use any reference materials during the certification test no access to online documentation or to any system clearing the certification will not automatically lead you to a job however a certification with some experience will certainly open a lot of doors for you so if you have little or no experience you should get yourself certified get some project experience and then the whole of the project management world open for you to explore helping you with the first step on you ladder to success is this book some unique features of this book there is no other quality material in the market for this certification exam the author has himself cleared the exam all questions are multiple choice format similar the questions you will get in the actual exam over 400 authentic questions testing the exact same concepts that will be tested in your exam the goal of this book is to provide comprehensive coverage of all concepts outlined in the 2023 content outline for the certified associate in project management capm exam the concepts are organized in a clear and easy to follow manner and the book strives for conciseness with an intended length of 300 pages it is important to note that while this book aims to be a valuable resource passing the capm exam ultimately depends on the individual s effort and dedication the book features 791 multiple choice questions designed to assess your grasp of the concepts presented in the text additionally it includes a case study of developing a software application for a hypothetical small university allowing readers to apply their understanding from each chapter to a practical scenario whether you are a senior executive or a project manager its your job to help your organization grow and increase its value to stakeholders project management is the unique organizational competency that manages change and drives competitive advantage with the outcome of delivering results in line with corporate strategy a guide to the project management body of knowledge pmbok guide third edition is the map to get you there in 1983 project management institute pmi volunteers first sat down to distill the project management body of knowledge today the pmbok guide has become a global standard for the project management profession and is one of the best most versatile documents available across major industries it contains the fundamental baseline practices that drive business results for any organization the third edition has been updated to reflect the most current industry knowledge and practices one of the most important changes is the evolution from generally accepted on most projects most of the time to generally recognized as good practice on most projects most of the time several chapters have been updated rewritten or expanded to include the most current and pressing information facing project managers today it also includes an expanded index and glossary the pmbok guidethird edition reflects the collaboration and knowledge of project management leaders who deliver business results successful project management is a constant advantage in the dynamic nature of todays organizations companies non profits and government agencies around the world are turning to project management to achieve corporate strategic objectives as recognition of the value of projectmanagement continues to grow the pmbok guide will b all in one is all you need get complete coverage of all the certified associate in project management capm and the project management professional pmp exam topics from this comprehensive volume covering the project management body of knowledge pmbok capm pmp project management certification all in one exam guide features learning objectives at the beginning of each chapter expert exam tips practice questions and in depth explanations detailed and authoritative this book serves as both a complete certification study guide and an essential on the job reference get full details on all exam topics including how to implement project integration management plan and control project scope define sequence and manage project activities estimate and administer the project budget perform quality control acquire and manage the project team communicate project performance with stakeholders monitor and control project risks plan for procurement adhere to the pmp code of professional conduct the cd rom features two full practice exams video training complete electronic book prepare for the leed green associate v4 exam with an expert who has been there and passed guide to the leed green associate v4 exam is a comprehensive study guide for the leed green associate v4 exam written by a leed expert and consultant who actually passed the exam this guide provides a first hand account of preparation

strategies that work the book is designed to work with how people study organized for quick navigation with sample questions and flashcards throughout the companion website offers additional study aids including more sample test questions and flashcards the book covers all topics and principles included on the exam and provides all the information necessary to pass passing the leed green associate v4 exam is the only way to get the green associate credential so a complete comprehensive study guide is essential the guide to the leed green associate exam has been updated specifically to align with the most current version of the exam topics include the three tiers of the credentialing process concepts and processes of sustainable design leed design strategies and technologies how and what to study for the exam beyond just providing information this book offers the insight of someone who s been there and can manage expectations and eliminate surprises motivating engaging and packed with expert advice the guide to the leed green associate exam helps eager professionals prepare for and pass the leed green associate v4 exam completely updated for the 2011 version of the pmp exam if you re preparing for the project management professional pmp exam this thorough book is what you need not only does it reflect the very latest version of the exam it is written by popular project management expert kim heldman author of the five previous editions of this top selling book and it also includes a cd with practice exams exam prep software electronic flashcards and over two hours of additional audio review all exam objectives as well as essential pmp topics concepts and key terms are covered prepares candidates to take the project management professional pmp exam as well as the certified associate project management capm exam both offered by the project management institute pmi covers all exam objectives plus a wide range of project management topics concepts and key terms uses real world scenarios and how this applies to your current project sidebars to fully illustrate concepts includes an invaluable cd with testing software practice exams electronic flashcards and over two hours of audio review serves as a valuable go to book to keep on hand even after the exam project management is a desired skill in today s it marketplace pmp project management professional exam study guide sixth edition can help you prepare cd rom dvd and other supplementary materials are not included as part of the e book file but are available for download after purchase capm pmi pmp and project management professional are registered marks of the project management institute inc business economics project management when you re studying for the pmp capm exam the most important thing to manage is your time this practical guide will help you study for the project management professional pmp certified associate in project management capm certification exam more efficiently and productively it is aligned with and references pmi s project management body of knowledge third edition pmbok guide unlike other review materials that are organized according to knowledge areas and cover the forty four processes almost equally this guide divides materials into process groups or domains and weights your review materials the way pmp capm weights the exam for example approximately 11 of the exam questions will be on the initiation phase so approximately 11 of the review materials in this book covers the initiation phase the guide flows like projects flow there are six sections initiation phase planning phase execution phase monitor and control phase closing phase professional responsibility this is not an unabridged everything you ever need to know about project management guide it focuses exclusively on information you need to know to pass the exam and features a total of 175 pre review questions and 175 post review questions along with complete answers and explanations the facts presented clearly and concisely with no frills no fine print and no digression terms definitions formulas charts diagrams and lists that help you retain the information and pass the test advice on how to study and how to take the actual exam plus a comprehensive index so it s easy to find information you want to review this up to date self study system offers 100 coverage of every topic on the capm and pmp exams thoroughly revised for the current pmi project management body of knowledge pmbok guide this up to date resource offers complete coverage of all the material included on the certified associate in project management and project management professional exams you ll find learning objectives at the beginning of each chapter exam tips and practice exam questions with in depth answer explanations written by a leading project management consultant and trainer capm pmp project management certification all in one exam guide fourth edition will help you pass the exams with ease and will also serve as an essential on the job reference covers all exam topics including project integration management managing the project scope managing project time costs and quality managing project resources managing project communications managing project risks project procurement management managing project stakeholders project management processes electronic content includes 750 capm and pmp practice exam questions test yourself by exam domain or take a complete exam bonus process review quiz video training from the author process itto quick review guide pmp memory sheets secured book pdf become the azure ai expert of tomorrow are you ready to embark on a journey into the world of artificial intelligence and machine learning within the microsoft azure
