scientific study of nineteen european supranational organisations and the oecd the series offers a detailed
 survey of the history structure and yearly activities of each organisation and an up to date overview of the
 member states of each organisation this special anniversary volume celebrates 60 years of publication of the
 yearbook and its contents differs from that of the regular volumes therefore it offers a selection of the most
 important articles dealing with european cooperation and integration to appear in the yearbook during its
 60 years of publication these are of particular interest not only because they provide a unique historical
 snapshot of the many successes and occasional failures in the field of european integration but also because

they discuss the ideals and aims that lay behind these efforts many of which still resonate today as europe confronts questions about its political destiny and ideal shape this volume contains articles in english and french james a nist lived an extraordinary life in his 24 years raised on a new jersey farm he graduated high school at 16 and earned both a bachelor s degree from rutgers university and a private pilot s license in 1942 he joined the navy as an aviation cadet earning his wings and an officer s commission in the naval reserve he became proficient in three of the navy s high performance combat aircraft the sbd dauntless dive bomber the f6f hellcat fighter and the f4u corsair fighter in 1945 he deployed to the pacific aboard the carrier uss bunker hill and flew combat missions over japan iwo jima and okinawa drawing on nist s letters and personal papers and official navy documents historian bryan j dickerson tells the story of his great uncle s life and service during world war ii
