The Major Political Writings of Jean-Jacques Rousseau

2012-10-17

this fresh new rendition of rousseau s major political writings is a boon for scholars and students alike with a critical introduction by the translator richard boyd georgetown university individualist and communitarian anarchist and totalitarian progressive and reactionary since the eighteenth century jean jacques rousseau has been called all of these things few philosophers have been the subject of such intense debate yet almost everyone agrees that rousseau is among the most important political thinkers in history renowned rousseau scholar john t scott highlights his enduring influence with this superb new edition of his major political writings this volume includes authoritative and lucid new translations of the discourse on the sciences and arts the discourse on the origin and foundations of inequality among men and on the social contract the two discourses show rousseau developing his well known conception of the natural goodness of man and the problems posed by life in society with the social contract rousseau became the first major thinker to argue that democracy is the only legitimate form of political organization scott s extensive introduction enhances our understanding of these foundational writings providing background information social and historical context and guidance for interpreting the works throughout translation and editorial notes clarify ideas and terms that might not be immediately familiar to most readers

Rousseau: 'The Social Contract' and Other Later Political Writings

1997-07-24

the work of jean jacques rousseau is presented in two volumes together forming the most comprehensive anthology of rousseau s political writings in english volume ii contains the later writings such as the social contract and a selection of rousseau s letters on important aspects of his thought the social contract has become rousseau s most famous single work but on publication was condemned by both the civil and the ecclesiastical authorities in france and geneva rousseau fled and it is during this period that he wrote some of his autobiographical works as well as political essays such as on the government of poland this 1997 volume like its predecessor contains a comprehensive introduction chronology and guide to further reading and will enable students to obtain a full understanding of the writings of one of the world s greatest thinkers

Rousseau: 'The Discourses' and Other Early Political Writings

1997-07-13

the work of jean jacques rousseau is presented in two volumes together forming a comprehensive anthology of rousseau s political writings in english this second volume contains the earlier writings such as the first and second discourses the publication of which signalled the power and challenge of rousseau s thinking rousseau s influence was wide reaching and has continued to grow since his death major landmarks in world history such as the american and french revolutions were profoundly affected by rousseau s writing as were cultural and intellectual movements such as romanticism and idealism this volume like its successor contains a comprehensive introduction chronology and guide to further reading and will enable students to obtain a full understanding of the writings of one of the world s greatest thinkers

The Political Writings of Jean Jacques Rousseau

1915

while some modern lovers of philosophy literature and politics might not agree with his views jean jacques rousseau was undoubtedly one of the most influential thinkers in western civilization rousseau was certainly controversial during his time as his writings were revolutionary for contemporary audiences basic political writings contains four essential political works written by rousseau discourse on the science and the arts discourse on the origin of inequality discourse on political economy and on the social contract in these works he lays out the basic foundation of society and how it has evolved since the origins of man then he describes how society is pulling mankind away from the laws of nature foundational to his point of view is rousseau s argument that there are no true personal possessions in nature only the community he writes that it was the rise of personal possessions that allowed certain people to make powerful gains and they were the ones who controlled the political spectrum however rousseau offers hope by explaining that men can change their government they do not have to be chained by their possessions or other symbolic constraints the author s concept of the general will is astounding and he has since been both praised and criticized for his beliefs regardless of whether the reader agrees with rousseau s political theories the works in basic political writings are essential reading for anyone looking to better understand the forces at work behind the rise of civilizations power and politics

Basic Political Writings

2013

frederick watkins 1953 edition of rousseau s political writings has long been noted for being fully accurate while representing much of rousseau s eloquence and elegance it contains what is widely regarded as the finest english translation of the social contract rousseau s greatest political treatise in addition this edition offers the best available

translation of the late and important government of poland and the only published english translation of the fragment constitutional project for corsica which says watkins provides the clearest possible demonstration of the practical implications of rousseau s political thought

The Political Writings of Jean Jacques Rousseau

1915

man was born free and everywhere he is in chains these are the famous opening words of a treatise that has stirred vigorous debate ever since its first publication in 1762 rejecting the view that anyone has a natural right to wield authority over others rousseau argues instead for a pact or social contract that should exist between all the citizens of a state and that should be the source of sovereign power from this fundamental premise he goes on to consider issues of liberty and law freedom and justice arriving at a view of society that has seemed to some a blueprint for totalitarianism to others a declaration of democratic principles translated by quintin hoare with a new introduction by christopher bertram
