alike

Spelling Connections 2007 2003-09-19 language and literacy connections intervention for school age children and adolescents takes readers on a path of knowledge steeped in principles and practical applications this much needed new text uniquely integrates language learning and disorders and literacy together in a coherent and cohesive narrative that covers the challenges facing school age students from early elementary levels through high school using past and current research and interventions from speech language pathology slp and reading and literacy arenas the authors present transcripts cases and detailed intervention sessions to provide a template for daily practice the text raises questions relating to why am i doing this and provides some answers to this most complex yet basic question language and literacy connections uses strong theoretical foundations with detailed applications to real life situations and practices highlights the different levels of literacy from foundational to disciplinary that underpin current thinking includes three major sections that build upon one another as the authors navigate through 1 conceptual frameworks 2 practical applications across discourse intervention and individual language components and 3 service delivery models addresses the role of comprehension in auditory processing and classroom difficulties compares effective and less effective intervention sessions with explanations about why each fall within a category debunks common myths and practices that have been questionable for decades but that persist in practice offers innovative suggestions related to providing collaborative service delivery procedures through virtual online platforms and specific lesson plans answers the question asked by many school based slps how do i add literacy on top of my responsibilities when my caseloads are so large and demanding key features questions at the beginning of each chapter that reflect concerns of slps and their teams projects and assignments that supplement and review the material examples of teaching modules with practical lesson plans that integrate the role of slps in interprofessional practices ipp while explicitly addressing the curriculum across a variety of subject areas disclaimer please note that ancillary content such as documents audio and video etc may not be included as published in the original print version of this book

Mathematics Connections. Year 7 1991 the chapters in this volume convey insights from mathematics education research that have direct implications for anyone interested in improving teaching and learning in undergraduate mathematics this synthesis of research on learning and teaching mathematics provides relevant information for any math department or individual faculty member who is working to improve introductory proof courses the longitudinal coherence of precalculus through differential equations students mathematical thinking and problem solving abilities and students understanding of fundamental ideas such as variable and rate of change other chapters include information about programs that have been successful in supporting students continued study of mathematics the authors provide many examples and ideas to help the reader infuse the knowledge from mathematics education research into mathematics teaching practice university mathematicians and community college faculty spend much of their time engaged in work to improve their teaching frequently they are left to their own experiences and informal conversations with colleagues to develop new approaches to support student learning and their continuation in mathematics over the past 30 years research in undergraduate mathematics education has produced knowledge about the development of mathematical understandings and models for supporting students mathematical learning currently very little of this knowledge is affecting teaching practice we hope that this volume will open a meaningful dialogue between researchers and practitioners toward the goal of realizing improvements in undergraduate mathematics curriculum and instruction

Spelling Connections 2004 2001 the music connection 2000 components for grade 7

Spelling Connections 2007-01-05 currently only about 50 of american youths live in traditional two parent first marriage families this fact combined with often bleak economic and social realities creates the backdrop of interactions between

families children and schools are examined in this probing volume answering a need for evaluative research in this area of increasing public interest the contributors build a model for evaluation focusing on the dynamics of family school connections how is school achievement influenced by parent child interactions and the family environment how do school family community and peer group connections affect early adolescents what is the family s role in the success of learning disabled youth or in school truancy what effect does parental discord and divorce have on a child s learning these questions as well as proposals for intervention and prevention create the crux of this book designed to inform and motivate readers to respond to one of our country s most fundamental social concerns vital reading for everyone who wants to better understand child school community interaction this book especially warrants reading by students researchers and other professionals in developmental psychology family studies psychology and social work the book should be read by professionals who have contact with schools as part of their brief by those educators who train the new generation of social workers psychologists and teachers and by researchers who seek to understand the tapestry of social influences on children s development the book is worth buying alone for the fruits of great scholarship evident in the extensive lists of up to date references at the end of each chapter and in a superb appendix that offers a tour de force of a 19 page bibliography on the topic child and family social work
