Introduction to Jon Jones 2020-01-28

Jon Jones is without a doubt one of the greatest mixed martial artists in the history of the sport born in Rochester, New York in 1987. Jones started training in martial arts from a young age due to his mother being a professional instructor. He began his professional MMA career in 2008 where he quickly made a name for himself with his unorthodox fighting style and versatility. Jones eventually signed with the Ultimate Fighting Championship (UFC) in 2009 and went on to dominate the light heavyweight division for nearly a decade until his numerous legal troubles and drug test failures eventually caused him to relinquish his title. Despite his controversies outside of the octagon, Jones' achievements inside it are undeniable. Jones has a professional record of 26 wins, 1 loss, and 1 no contest with victories over some of the biggest names in MMA such as Daniel Cormier, Alexander Gustafsson, and Mauricio Rua. He is a former UFC light heavyweight champion and has defended his title a record 8 times. Jones is also known for his athletic ability, having set multiple records for takedowns, strikes landed, and submission attempts in UFC history. He is considered by many as one of the greatest pound-for-pound fighters of all time and has inspired a generation of MMA athletes with his incredible performances.

A Reading Guide to Pauline Baird Jones' Romantic Suspense Novels 2018-03-26

Mystery, suspense, romance, comedy. USA Today bestselling author Pauline Baird Jones has been delivering thrilling and romantic fiction since 1998. Jessica Jones, Scarred Superhero 2013-10-03

Jessica Jones barged onto our screens in November 2015 courtesy of Marvel and Netflix presenting a hard drinking protagonist who wrestles with her own inner and outer demons gaining enhanced abilities as a teenager she eschews the super costume and is far more concerned with the problems of daily life but when Jessica falls under the control of a villain her life changes forever based on the comic book alias the show won a large following and critical acclaim for its unflinching look at subjects like abuse trauma PTSD rape culture alcoholism drug addiction victims plight and family conflicts this collection of new essays offers insight into the show's complex themes and story lines

The Unity of the Common Law 2015

In this classic study Alan Brudner investigates the basic structure of the common law of transactions for decades that structure has been the subject of intense debate between formalists who say that transactional law is a private law for interacting parties and functionalists who say that it is a public law serving the collective ends of society against both camps Brudner proposes a synthesis of formalism and functionalism in which private law is modified by a common good without being subservient to it drawing on Hegel's legal philosophy the author exhibits this synthesis in each of transactional law's main divisions property contract unjust enrichment and tort each is a whole composed of private law and public law parts that complement each other and the idea connecting the parts to each other is also latently present in each moreover Brudner argues a single narrative thread connects the divisions of transactional law to each other not a row of disconnected fields transactional law is rather a story about the realization in law of the agent's claim to be a dignified end master of its body its acquisitions and the shape of its life transactional law's divisions are stages in the progress toward that goal each generating a potential developed by the next thus contract law fulfils what is incompletely realized in property law negligence law what is germinal in contract law public insurance what is seminal in negligence law and transactional law as a whole what is underdeveloped in public insurance

the end point is the limit of what a transactional law can contribute to a life sufficient for dignity reconfigured and expanded with a contribution by Jennifer Nadler. The unity of the common law stands out among contemporary theories of private law in that it depicts private law as purposive without being instrumental and as autonomous without being empty formal.

War and Individual Rights 1880

This study begins with the assumption that individual rights exist and stand as moral obstacles to the pursuit of national no less than personal interests. That assumption might seem to demand a pacifist rejection of all war for any sustained war effort requires military operations that predictably kill many non-combatants most of whom presumably have a right not to be killed yet the book concludes that sometimes recourse to war is justified. Its argument relies on the insights of John Locke to develop and defend a framework of rights to serve as the foundation for a new just war theory.

Lippincott's Gazetteer of the World 2014-10-29

Manage and protect your wealth with the help of a private bank. Help I'm Rich is a detailed examination of how private banking services can help high net worth individuals take charge over their wealth and protect their assets designed to increase the ability to discern between adding value and self-orientation and thus improve the professional relationship between private bankers and clients.
