we very much cherish our traditional christmas songs it turns out that many of our christmas songs actual ones not santa songs are 75 to 500 years old or more most

are fairly serious and with serious melodic delivery with that in mind we wished to create something new that was light hearted and more of a story within a story so to speak and specifically a story that compels discussion between you and your child about the real story in the background it all began with a song of course we then realized that a children s book would be a natural fit complementing the original song available separately on itunes if you feel that this original christmas story and melody available separately would make a valued tradition for another family consider giving it as a gift for christmas it just might be the conversation starter that another family is praying for may this work be a blessing to you and your family and a tradition that you pass down for generations to come
