Most people who have lost a child write books about how to cope with the child's death. Author Lori Plegge has taken a different perspective on losing a child. Instead of writing about how to cope with the death of a child, she has decided to write a story about her son's life. When Tomorrow Starts Without Me is a true story about the life and death of a young man named Anthony. No matter how hard Lori tried to raise Anthony right, he made some bad choices in his life, and those bad choices led to his death. When reading this book, you will experience every emotion possible. You become a part of the story. When Tomorrow Starts Without Me is not just a sad story about the death of a 19-year-old boy, but it also tells you funny childhood stories along with some near-death experiences Anthony had. Even though the loss of a child is a very tragic thing, Lori has managed to take that tragedy and turn it into something
