the classic historical interpretation of the late nineteenth and early twentieth centuries in america sees this period as a political search for order by the middle class culminating in progressive era reforms in the middle class city john hepp examines transformations in everyday middle class life in philadelphia between 1876 and 1926 to discover the cultural roots of this search for order by looking at complex relationships among members of that city s middle class and three largely bourgeois commercial institutions newspapers department stores and railroads hepp finds that the men and women of the middle class consistently reordered their world along rational lines according to hepp this period was rife with evidence of creative reorganization that served to mold middle class life the department store was more than just an expanded dry goods emporium it was a middle class haven of order in the heart of a frenetic city an entirely new way of organizing merchandise for sale redesigned newspapers brought well ordered news and entertainment to middle class homes and also carried retail advertisements to entice consumers downtown via train and streetcar the complex interiors of urban railroad stations reflected a rationalization of space and rail schedules embodied the modernized specialization of standard time in his fascinating investigation of similar patterns of behavior among commercial institutions hepp exposes an important intersection between the histories of the city and the middle class in his careful reconstruction of this now vanished culture hepp examines a wide variety of sources including diaries and memoirs left by middle class women and men of the region following philadelphians as they rode trains and trolleys read newspapers and shopped at department stores he uses their accounts as individualized guidebooks to middle class life in the metropolis and through a creative use of photographs floor plans maps and material culture the middle class city helps to reconstruct the physical settings of these enterprises and recreate everyday middle class life shedding new light on an underanalyzed historical group and the cultural history of twentieth century america

the american urban scene and in particular new york s has given us a rich cultural legacy of slang words and phrases a bonanza of popular speech hot dog rush hour butter and egg man gold digger shyster buttinsky smart aleck sidewalk superintendent yellow journalism breadline straphanger tar beach the tenderloin the great white way to do a brodie these are just a few of the hundreds of popular words and phrases that were born or took on new meaning in the streets of new york in the city in slang irving lewis allen traces this flowering of popular expressions that accompanied the emergence of the new york metropolis from the early nineteenth century down to the present this unique account of the cultural and social history of america s greatest city provides in effect a lexicon of popular speech about city life with many stories allen shows how this vocabulary arose from city streets often interplaying with vaudeville radio movies comics and the popular songs of tin pan alley some terms of great pertinence to city people today have unexpectedly old pedigrees rush hour was coined by 1890 for instance and rubberneck dates to the late 1890s and became popular in new york to describe the busloads of tourists who craned their necks to see the tall buildings and the sights of the bowery and chinatown the big apple itself since 1971 the official nickname of new york appeared in the 1920s though first in reference to the city s top racetracks and to Broadway bookings as

pinnacles of professional endeavor allen also tells fascinating stories behind once popular slang that is no longer in use spieler for example were the little girls in tenement districts who danced ecstatically on the sidewalks to the music of the hurdy gurdy men and when they were old enough frequented the dance halls of the lower east side following the trail of these words and phrases into the city s east side west side and all around the town from harlem to wall street and into the haunts of its high and low life the city in slang is a fascinating look at the rich cultural heritage of language about city life

## **Readings in Natural Language Processing 1986**

for the average person most of the american history that he or she knows comes from facts taught to them in school to prepare them for their state mandated tests that s not the fault of their teachers who were just carrying out the directives of their employers but it s also a fact that a great deal of that content that they were teaching is dry and boring however as in every aspect of life there is always another story behind each major event the story of america is interesting and exciting but it s those lesser known parts of our history that make it special even though in most cases the names and events in the book will be recognizable most of the stories about them will be new to the reader if you re a young teacher perhaps you ll find some material to help you get through those less than exciting areas of your textbook if you hated history as a student maybe you ll find some of these tales entertaining for those of you who are history buffs hopefully you ll come across a few things that are new to you
