Breaking Roberts Rules: The New Way to Run Your Meeting, Build Consensus, and Get Results 2006-07-19

every day in communities across america hundreds of committees boards church groups and social clubs hold meetings where they spend their time engaged in shouting matches and acrimonious debate whether they are aware of it or not the procedures that most such groups rely on to reach decisions were first laid out as roberts rules more than 150 years ago by an officer in the u s army's corps of engineers its arcane rituals of parliamentary procedure and majority rule usually produce a victorious majority and a very dissatisfied minority that expects to raise its concerns again at the next possible meeting breaking roberts rules clearly spells out how any group can work together effectively after briefly explaining the problems created by roberts rules the guide outlines the five key steps toward consensus building and addresses the specific problems that often get in the way of a group's progress appendices include a basic one page handy guide that can be distributed at meetings and a case study demonstrating how the ideas presented in the book can also be applied in a corporate context written in a non technical and engaging style and containing clear ideas and instructions that anyone can understand and use this one of a kind guide will prove an essential tool for any group desperate to find ways of making their meetings more effective in addition neighborhood associations ad hoc committees social clubs and other informal groups lacking a clear hierarchy will find solid advice on how to move forward without resorting to majority rules or bickering over who will take leadership positions bound to become a classic breaking roberts rules will change the way you hold meetings forever paving the way for efficiency efficacy and peaceful decision making
