south african angolan bush war the novel until we meet again is the story of april and the twin boys mark and andy the novel will take them on an adventure of survival and courage that will test their love and camaraderie for one another during a time when the divide between black and white in south africa was controlled by dark forces the novel is about the everyday lives of the two south african families during the 1960s and 70s when the country was under attack from the pan african congress s poqo army april would soon find him in a struggle between his own prospects for a better life for himself and his family but cannot relinquish his responsibilities to care for the two siblings which left him with difficult decisions to make which would test his courage to its limits april became a seasoned freedom fighter and one of the most wanted terrorists in south africa while the twins innocently landed themselves in an adventure that had turned into a life threatening situation that they never dreamed of before the story will take the reader from the tranquil mountains and rivers of the eastern cape to the war torn angolan desert where one of the most controversial cold war armed conflicts fuelled by the americans and russians would play off and end in a stalemate sara s strange nightly dreams began right before meeting mary jo they seemed to mirror the uncomfortable situations she faced each day her real dreams of becoming a writer were getting lost in the shuffle as she coped with a murderer following her around town how would she and mary jo solve this when they didn t really know who he was and couldn t prove he did it it was unfortunate that he knew they suspected him this is what they thought was the mystery until the real mystery unfolded right under their noses chapter 1 late one afternoon sara had started to feel tremendous vibrations underneath her feet although she realized the implications she felt a certain calm inside she went to

find athena sara waited outside the room until athena s next patient came out then she went inside you noticed it too i guess sighed athena it would be difficult to ignore the intensity yes i noticed it replied athena with concern i wonder how much longer we have left not much longer i imagine said sara do you think we just then lucas rushed in you must come to the solarium with me it is urgent they quickly followed lucas what s going on in the solarium asked athena as she tried to keep up with him there is no time to explain said lucas you will see for yourself as soon as we get there he added abruptly as they hurried down the hallway as soon as they reached the doorway athena and sara knew what lucas meant the once beautiful sunny sky had changed to a dark and gloomy afternoon the ocean was enraged the treacherous waves were crashing against the shore provoked by the powerful eruptions of the nearby volcano the three friends knew that the disastrous end to their time on poseidia had come outside they could see people running around in the streets the water was quickly rising up over the land and everyone was scrambling to reach higher ground it was everyone for himself just as it had always been lucas athena sara and their friends sat solemnly by the great window and watched they had done all that was possible and now had to accept their own limitations when the island of poseidia finally went in to the sea many drowned some had fled to other areas for there were several occurrences of destruction in poseidia before that final one when the time came athena and sara and lucas and the others let their spirits withdraw from their bodies and rose above it all to watch wishing that more of the others could have joined them they looked on as the once beautiful island was completely and finally consumed by the immense and powerful ocean the only evidence that life had ever existed here was the glowing embers of the burnt remnants of the city this had been their home and now floated gently upon the surface of the water it s so sad to see the demise of our own community said athena wistfully yes said lucas sadly but we ve known it was coming for a long time and we ll be back sara sat straight up in bed her eyes wide open now what was that all about she wondered she looked at the clock 2 am sara thought to herself she took a deep breath and lay back down but did not close her eyes thomas toren experienced more horror loss and change in his life than most when he was just six his mother was arrested for rassenschande and imprisoned by the nazis young thomas would not see her again until he was almost thirty he did not know who his father was and the man who raised him was cold and distant his older half sister grew up to be an unkind egotistical person who betrayed him and his beloved wife lisa he was born in berlin in 1931 he was expelled from two german primary schools because of his stepfather s jewish surname from age seven he was raised by two women in the russian immigrant community of harbin china where he finished a russian high school at the top of his class having spent his formative years there and suspecting that his biological father was either russian or polish toren considers himself russian this all seemed perfectly normal to the young man toren s explanation children accept everything as normal only in hindsight after acquiring some life experience and wisdom are we able to understand and analyse our childhood to escape the soviet bloc he managed to travel to israel where he married his lifelong love lisa in these transitions a bit of stability emerged toren had a long successful career as a qualified mechanical engineer and brilliant inventor now retired toren felt the urge to record the stories of his unusual life during which he has experienced four cultures and observed many more he s called europe asia the middle east and australia home at various times of his life these intercontinental movements were not by choice they were imposed as a result of political upheavals of the twentieth century toren knows that life was not meant to be easy wishing and hoping is not enough determination and perseverance are essential a bit of luck also helps life has taught toren an important lesson he says we should learn to fully appreciate each one of our many blessings which we normally take for granted we tend to fully appreciate our blessings only in retrospect after we have lost them in 1936 berlin an unlikely friendship develops between sidney klein the son of an again in the least likely of places and under the most unusual of circumstances their career choices will lead them along very similar yet diverse paths their combat experiences are quite different but both are equally affected by the death and destruction of war sidney s girlfriend rachel travels with her aunt sylvia to germany to help sylvia s uncle abraham close his shop and move out of **When We Meet Again** 2021-07-20 sara s strange nightly dreams began right before meeting mary jo they seemed to mirror the uncomfortable situations she faced each day her real dreams of becoming a writer were getting lost in the shuffle as she coped with

a murderer following her around town how would she and mary jo solve this when they didn't really know who he was and couldn't prove he did it it was unfortunate that he knew they suspected him this is what they thought was the mystery until the real mystery unfolded right under their noses chapter 1 late one afternoon sara had started to feel tremendous vibrations underneath her feet although she realized the implications she felt a certain calm inside she went to find athena sara waited outside the room until athena's next patient came out then she went inside you noticed it too i guess sighed athena it would be difficult to ignore the intensity yes i noticed it replied athena with concern i wonder how much longer we have left not much longer i imagine said sara do you think we just then lucas rushed in you must come to the solarium with me it is urgent they quickly followed lucas what's going on in the solarium asked athena as she tried to keep up with him there is no time to explain said lucas you will see for yourself as soon as we get there he added abruptly as they hurried down the hallway as soon as they reached the doorway athena and sara knew what lucas meant the once beautiful sunny sky had changed to a dark and gloomy afternoon the ocean was enraged the treacherous waves were crashing against the shore provoked by the powerful eruptions of the nearby volcano the three friends knew that the disastrous end to their time on poseidia had come outside they could see people running around in the streets the water was quickly rising up over the land and everyone was scrambling to reach higher ground it was everyone for himself just as it had always been lucas athena sara and their friends sat solemnly by the great window and watched they had done all that was possible and now had to accept their own limitations when the island of poseidia finally went in to the sea many drowned some had fled to other areas for there were several occurrences of destruction in poseidia before that final one when the time came athena and sara and lucas and the others let their spirits withdraw from their bodies and rose above it all to watch wishing that more of the others could have joined them they looked on as the once beautiful island was completely and finally consumed by the immense and powerful ocean the only evidence that life had ever existed here was the glowing embers of the burnt remnants of the city this had been their home and now floated gently upon the surface of the water it's so sad to see the demise of our own community said athena wistfully yes said lucas sadly but we've known it was coming for a long time and we'll be back sara sat straight up in bed her eyes wide open now what was that all about she wondered she looked at the clock 2 am sara thought to herself she took a deep breath and lay back down but did not close her eyes
