O sacrum convivium

1935

venetian music print culture of the mid sixteenth century is presented here through a study of the scotto press one of the foremost dynastic music publishers of the renaissance for over a century the house of scotto played a pivotal role in the international book trade publishing in a variety of fields including philosophy medicine religion and music this book examines the mercantile activities of the firm through both a historical study which illuminates the wide world of the venetian music printing industry and a catalog which details the music editions brought out by the firm during its most productive period a valuable reference work this book not only enhances our understanding of the socioeconomic and cultural history of renaissance venice it also helps to preserve our knowledge of a vast musical repertory

O sacrum convivium

2016-10-04

in this the first of a three volume study of byrd s complete output under the general title the music of william byrd the author essays a first full scale historical and critical assessment of byrd s sacred music to latin words one of the great glories of the elizabethan age each of the approximately 175 compositions is considered at least briefly with fuller appreciation accorded to such masterpieces as emendemus in melius tristitia et anxietas iusorum animae ave verum corpus the lamentations and the three famous masses there are more than sixty musical examples some of considerable length in critical prose that slights neither technicalities nor the intense emotional qualities of his subject matter the author sheds fresh and often unexpected illumination on byrd s musical rhetoric and on his powerful endlessly inventive musical structures re examining the known facts of byrd s life in relation to the patronage and politics of the time the author boldly argues that while the impetus behind byrd s

early motets was primarily traditionalist and technical that behind his cantiones sacrae motets of the 1580s was essentially political they were covert laments and protests on behalf of the embattled recusant community

the croxton play of the sacrament which survives in a single sixteenth century copy dramatizes the physical abuse by five muhammad worshipping syrian jews of a host the bread consecrated by a priest during the christian mass the text is the work of a playwright possessed of a tremendous theatrical imagination notwithstanding his choice of subject matter

O sacrum convivium, Coro, A-Dur – BSB Mus.ms. 4746-28

1632

this companion provides an up to date view of the music of franz liszt its contemporary context and performance practice written by some of the leading specialists in the field of nineteenth century music

studies although a core of liszt s piano music has always maintained a firm hold on the repertoire his output was so vast influential and multi faceted that scholarship too has taken some time to assimilate his achievement this book offers students and music lovers some of the latest views in an accessible form katharine ellis alexander rehding and james deaville present the biographical and intellectual aspects of liszt s legacy kenneth hamilton james baker and anna celenza give a detailed account of liszt s piano music including approaches to performance monika hennemann discusses liszt s lieder and reeves shulstad and dolores pesce survey his orchestral and choral music

Sacrum convivium hoc est De frequentia et usu S. Eucharistiae

1853

this study explores the relationship between the poetic language of donne herbert milton and other british poets and the choral music and part songs of composers including tallis byrd gibbons weelkes

and Tompkins the seventeenth century was the time in English literary history when music was most consciously linked to words and when the mingling of Renaissance and new philosophy opened new discovery routes for the interpretation of art. McColley offers close readings of poems and the musical settings of analogous texts and discusses the philosophy, performance, and disputed political and ecclesiastical implications of polyphony. She also enters into the discourse about the nature of language, relating poets' use of language and composers' use of music to larger questions concerning the arts, politics, and theology.

O sacrum convivium, S (2), org, G-Dur - BSB Mus.ms. 1219

1998-10-29

A history of Western choral music explores the various genres, key composers, and influential works essential to the development of the Western choral tradition. Author Chester I. Alwes divides this

exploration into two volumes which move from medieval music and the renaissance era up to the 21st century volume ii begins at the transition from the classical era to the romantic with an examination of the major genres common to both periods exploring the oratorio part song and dramatic music it also offers a thorough discussion of the choral symphony from beethoven to mahler through to the present day it then delves into the choral music of the twentieth century through discussions of the major compositional approaches and philosophies that proliferated over the course of the century from impressionism to serialism neo classicism to modernism minimalism and the avant garde it also considers the emerging tendency towards nationalistic composition amongst composers such as bartók and stravinsky and discusses in great detail the contemporary music of the united states and great britain framing discussion within the political religious cultural philosophical aesthetic and technological contexts of each era a history of western choral music offers readers specialized insight into major composers and works while providing a cohesive understanding of choral music s place in western history

Music Printing in Renaissance Venice

1981-01-01

John Harley's *Thomas Tallis* is the first full-length book to deal comprehensively with the composer's life and works. Tallis entered the Chapel Royal in the middle of a long life and remained there for over 40 years during a colourful period of English history. He famously served King Henry VIII and the three of Henry's children who followed him to the throne. His importance for English music during the second half of the sixteenth century is equalled only by that of his pupil, colleague and friend William Byrd. In a series of chronological chapters, Harley describes Tallis's career before and after he entered the Chapel. The fully considered biography is placed in the context of larger political and cultural changes of the period. Each monarch's reign is treated with an examination of the ways in which Tallis met its particular musical needs. Consideration is given to all of Tallis's surviving compositions, including those probably intended for patrons and amateurs beyond the court, and attention is paid to the context within which

they were written tallis emerges as a composer whose music displays his special ability in setting words and creating ingenious musical patterns a table places most of tallis s compositions in a broad chronological order

The Masses and Motets of William Byrd

1985

french composer olivier messiaen 1908 1992 is probably best known for his quartet for the end of time premiered in a german prisoner of war camp in 1941 however messiaen was a remarkably complex intelligent person with a sometimes tragic domestic life who composed a wide range of music this book explores the enormous web of influences in the early part of messiaen s long life the first section of the book provides an intellectual biography of messiaen s early life in order to make his difficult music more accessible to the general listener the second section offers an analysis of and thematic

commentaries on messiaen s pivotal work for two pianos visions of amen composed in 1943

schloesser s analysis includes timing indications corresponding to a downloadable performance of the work by accomplished pianists stphane lemelin and hyesook kim

Sacred Choral Music in Print

can time be our friend at first glance the question seems ridiculous because the apparent scarcity of time is a constant source of stress in our busy lives there are not enough hours in the day we say as we collapse late at night deep down we know that we cannot go on like this father stinnisen s book dares us to see time with new eyes the insight that eternity is written in the depths of our hearts helps us to live in time in a way that leads us deeper into god s joy we are like children in a land of fairy tales where everything is exciting and exploration never ends we therefore should rejoice that

everything around us is great and mysterious and that we can live in eternal wonder his intention is not to explain what time is and thus take away its mystery instead his aim is to show us how to see time from different perspectives and to discover how rich and multifaceted it is above all he demonstrates how we can make use of the tremendous possibilities that time offers to us

a facsimile of a previously unpublished musical manuscript among the major composers of the Portuguese Golden Age Pedro de Cristo c 1550 1618 is at present the least familiar to scholars and

performers this situation is largely due to the fact that his music was not published during his lifetime but is preserved rather in manuscripts originating for the most part at the monastery of santa cruz in coimbra where he spent most of his life the present work is an edition of the contents on one of these manuscripts mm 33 in coimbra university library which was copied by pedro de cristo himself towards the end of the sixteenth century it is an invaluable source of authoritative readings of his music principally latin motets for four or five voices also 198 includes musical examples

Croxton Play of the Sacrament

2005-09-22

for more than three decades richard charteris has researched european music sources and collections focusing particularly on late renaissance england germany and italy this group of essays many concerning previously unknown or unexplored works and materials covers the 16th and early to mid

17th centuries the studies involve variously new compositions music manuscripts and editions and documents that relate to figures such as the italians giovanni gabrieli claudio monteverdi and alfonso ferrabosco the elder the germans hans leo hassler and adam gumpelzhaimer as well as the englishmen john coprario john dowland john jenkins henry lawes william lawes peter philips and the french composer marin marais in addition charteris elucidates contemporary performance practice in relation to works by gabrieli investigates printed music editions that originated from the church of st anna augsburg and evaluates materials in collections including ones in berlin hamburg kraków london regensburg and warsaw

The Cambridge Companion to Liszt

1979

music piety and propaganda the soundscapes of counter reformation bavaria explores the nature of

sound as a powerful yet ambivalent force in the religious struggles that permeated Germany during the Counter-Reformation. Author Alexander J. Fisher goes beyond a musicological treatment of composers, styles, and genres to examine how music and more broadly sound itself shaped the aural landscape of Bavaria as the duchy emerged as a militant Catholic bulwark. Fisher focuses particularly on the ways in which sound, including bell ringing, gunfire, and popular song, as well as cultivated polyphony, not only was deployed by Catholic secular and clerical elites to shape the religious identities of Bavarian subjects but also carried the potential to challenge and undermine confessional boundaries. Surviving literature, archival documents, and music illustrate the ways in which Bavarian authorities and their allies in the Catholic clergy and orders deployed sound to underline crucial theological differences with their Protestant antagonists. Notably, the cults of the Virgin Mary, the Eucharist, and the saints, official and popular rituals like divine worship, processions, and pilgrimages all featured distinctive sounds and music that shaped and reflected an emerging Catholic identity. Although officials imposed a severe regime of religious surveillance, the Catholic state's dominance of the soundscape was hardly assured.

fisher traces archival sources that show the resilience of protestant vernacular song in bavaria the dissemination and performance of forbidden anti catholic songs the presence of lutheran chorales in nominally catholic church services into the late 16th century and the persistence of popular noise more generally music piety and propaganda thus reveals historical theological and cultural issues of the period through the piercing dimension of its sounds bringing into focus the import of sound as a strategic cultural tool with significant impact on the flow of history

O sacrum convivium

1997-12-11

bread of life exploring the presence of eucharist in our lives by fr louis cameli focuses on the role that the eucharist takes in catholic life fr cameli gives a personal account of the role of the eucharist in his own life explores what jesus wanted to give us when he gave us the eucharist by considering chapter

six of john s account of the gospel and considers central human questions through the lens of the eucharist reflection questions are included so that readers may reflect on the book on their own or in discussion with others

olivier messiaen a research and information guide second edition presents researchers with the most significant and helpful resources on olivier messiaen one of the twentieth century s greatest composers with multiple indices this annotated bibliography will serve as an excellent tool for librarians researchers and scholars sorting through the massive amount of material in the field the second edition has been fully revised and updated

Sacrum Convivium, Band 2

2005

the eucharist goes back to the last supper of jesus with his disciples it is based on the prayer of thanksgiving that jesus pronounced over the bread and wine at that meal eucharist means thanksgiving praise and blessing the church celebrates the eucharist as a memorial of the death and resurrection of jesus christ the memorial of the eucharist is more than a remembrance of the last supper of jesus with his disciples in the eucharist the sacrifice of our redemption becomes present sacramentally in the past dogmatic theology has treated the meaning of the eucharist while disregarding the form of its liturgical celebration whereas liturgical studies have been content with the latter yet the two cannot be separated however any more than liturgy and dogma or pastoral practice and doctrine can for the church s liturgy is not about something external to christian revelation but rather about revelation accepted in faith and prayer joseph ratzinger in this work helmut hoping

combines the approaches of dogmatic theology and liturgy while examining the eucharist from an historical and systematic perspective the second german edition of this major work which this new english translation is taken from was revised and expanded adding a comparative analysis of the second eucharistic prayer and a chapter on the theology of the words of institution

O sacrum convivium

2021-02-18

the whole problem of our time is the problem of love how are we going to recover the ability to love ourselves and to love one another we cannot be at peace with others because we are not at peace with ourselves and we cannot be at peace with ourselves because we are not at peace with god there is a distinction between a contrite sense of sin and a feeling of guilt the former is a true and healthy thing the latter tends to be false and pathological the man who suffers from a sense of guilt does not

want to feel guilty but at the same time he does not want to be innocent he wants to do what he thinks he must not do without the pain of worrying about the consequences the history of our time has been made by dictators whose characters often transparently easy to read have been full of repressed guilt they have managed to enlist the support of masses of men moved by the same repressed drives as themselves modern dictatorships display everywhere a deliberate and calculated hatred for human nature as such the technique of degradation used in concentration camps and in staged trials are all too familiar in our time they have one purpose to defile the human person
