this how to book is different unlike every other book you ll read with titles like how to craft the perfect lesson plan in 165 incredibly simple steps this book is different it s a simple how to guide for

creating a lesson plan that s right for you and your students and also an easy to follow workbook we ll discuss what exactly a lesson plan is and why you even need one we ll then go on to look at the process for creating a lesson plan including the questions you need to consider so that you don t forget anything important then we ve got 60 lesson plan templates for you to follow with a double page layout so that you have plenty of space for all your notes we ve even included some further notes pages at the back for anything else you need to jot down teaching students of any age is both a challenging and daunting prospect with a well thought out lesson plan in place anticipating the questions you ll face and the answers it will be much less daunting and much more exciting good luck molly
