May 22 2024

311 circuits presents complete solutions for numerous problems as well as starting points for your own creations 311 circuits has been compiled from the 2009 2010 and 2011 summer circuits double editions of elektor magazine

### ***how to build a voltage comparator circuit with an lm311***

Apr 21 2024

how to build a voltage comparator circuit using an lm311 we will go over how to build a voltage comparator circuit the simplest way using the lm311 comparator ic the lm311 is a single comparator this means it is composed internally of one comparator it compares these voltage inputs and determines which is the larger value
