brazil the mother of eight children whose ages ranged from not quite two up to nine but the really hard part was being married to an abusive unfaithful missionary husband explains ms sand when describing what made her turn to prayer none of my academic training or experience in the church prepared me to face the rigors of jungle living under these adverse circumstances we had no electricity for eleven of the 15 years i lived in brazil raising my family the missionary community was either in denial about what was happening or implied that i deserved the abuse discovering that god was willing to answer prayers began ms sand on a wonderful odyssey of learning to trust god for the smallest details of her life in bringing up her family in her book prayers of faith on learning to trust god she points out the basic principles of prayer that anyone can use to develop a bold relationship with the creator of the universe dr faith on faith the realities is an inspirational read on the power and the impact of faith in the lives of everyday people and beyond the focus is how we interact with ourselves during our self to self and our self to others life moments the human experiences shared are compelling but still relatable and adaptable for most the internal invisible and foundational faith we inherently possess ignites many psychological and physiological sentiments in us as we proceed to formulate various aspects of our global society here on earth numerous challenges of the social political economical and emotional strata perpetuate reactions warranting expressed behaviors of love devastation hatred community struggle apathy empathy sympathy tolerance and indulgence the human race's prospective on faith's potency and significance in life can undoubtedly influence and or deter one's direction or chosen path of action your ideologies trust belief conviction and confidence serve as the fundamental pillars of your faith indoctrination christianity catholicism judaism jehovah hinduism buddhism or islam the above mentioned and numerous other communities are true believers in the higher power and the generational doctrines are deeply rooted in the faith practices phenomenal acts of faith are recorded in history from bc to ad miracles and inexplicable acts that have changed the world are still occurring most kingdoms countries and continents have been affected and effected by the power and determination of faith warriors and the power of the almighty men women boys and girls around the world are influenced by generational faith practices religious doctrines and human interactions this account of faith power is written to uphold and promote the undeniable strength capacity fortitude sanctity and gratifying spirituality that your faith provides in each and every aspect of your life faith rules god's gift to all believers some believe that simply having faith is an entitlement to blessing and prosperity others believe that faith in oneself is all that is needed in life still others contend that faith is a cosmic force that breeds superhuman super spiritual invincible power it is none of these faith is not something requiring you to believe in what you know is not true nor is it believing something for which there is no evidence the bible a book all about faith provides the evidence that makes faith so vital so important and so astounding in faith the link with god's power international evangelist reinhard bonnke draws from his years of personal study and vibrant ministry to reveal that faith is like a wiring system that carries power into our lives faith itself is not the power but it links us to the power source there is no link to god's power without faith our belief in what happens tomorrow stems from what we already experienced yesterday it is not the size of your faith but the size of the god you believe in that determines the results reinhard bonnke is more qualified than most to shed light on what it means to minister in this thought provoking study with a sketch of religion and faith in general before narrowing it down to a discussion of the specific place of christian faith in all of reality pain and suffering are no strangers to humankind and their existence is well documented in the bible god doesnt promise that you wont suffer but he does promise you wont suffer alone he will be with you in dont waste your pain author myndi orr describes her journey with chronic pain to show that god has a purpose in our lives through pain for more than six years myndi orr has battled trigeminal neuralgia which has left her with severe facial pain in this inspirational book she explains how her relationship with god has helped her see beyond the pain teaching her to focus on him and show others christs love through an array of bible scriptures dont waste your pain shares the lessons myndi has learned through her struggle with pain it communicates that life is not about us but rather about god and his plan and purpose for our lives today there are many people who claim to believe but are not certain of their salvation they do not know of a measure of faith and how great faith they should have to receive salvation in accordance with the teachings of the word the measure of faith elucidates five levels of faith and different kingdoms of heaven and helps the reader measure the level of his or her own faith the measure of faith and the dwelling places in the heavenly kingdom may be divided into more five levels and this work elaborates on them in five levels to help readers understand more easily just a year and a half after the loss of my only grandparent i had to face the reality of losing my dearest mother dorothy kenney busse was a strong woman who lived through the depression almost died during high school from a bout with scarlet fever but survived and pursued a career as a registered nurse fulfilling a promise she made to god for healing her in the spring of 1988 as she began to decline in her health it was then that the rubber band broke and she lost her will to live as the months unfolded i decided to write a journal of our time together the last year of her life my mother was dying and there was a combination of hoping for a cure and coming to terms with her eventual death through her dying i turned to my faith as a way to cope with the emotional roller coaster of life and death although my children were very young i was lucky to be a stay at home mom and lucky to have good friends and family who helped me in my hours of need throughout her final days we explored many options of faith healing and prayer although she eventually succumbed to

her illness her journey helped me to strengthen my faith and to be there for her in her last moments of life encouraging her to let go and embrace eternal life mathew 28 20 and lo i will be with you
