Global HR Competencies: Mastering Competitive Value from the Outside-In 2013-02-01

the international best seller human resource champions helped set the hr agenda
for the 1990s and enabled hr professionals to become strategic partners in their
organizations but earning a seat at the executive table was only the beginning
today s hr leaders must also bring substantial value to that table drawing on their
16 year study of over 29 000 hr professionals and line managers leading hr
experts dave ulrich and wayne brockbank propose the hr value proposition the
authors argue that hr value creation requires a deep understanding of external

business realities and how key stakeholders both inside and outside the company define value ulrich and brockbank provide practical tools and worksheets for leveraging this knowledge to create hr practices build organizational capabilities design hr strategy and marshal resources that create value for customers investors executives and employees written by the field s premier trailblazers this book charts the path hr professionals must take to help lead their organizations into the future ulrich is a professor at the university of michigan school of business and the author of 12 books and more than 100 articles on the subject of human resources brockbank is a clinical professor of business at the university of michigan school of business the author of award winning papers on hr strategy and an adviser to top global organizations

The HR Value Proposition 2005-05-11

Personnel, the Management of Human Resources

2015-09-24

provides practical solutions to the business problem of distributing training to multiple locations introduces a new and practical way to use assessment to create a sustainable training and development function shows how those involved with training and development can make bottom line contributions to the company provides a model for calculating return on investment roi for technology based programs in this era of rapid globalization human resource development professionals in every type of organization face the problem of managing training and development across many different often widely dispersed sites training across multiple locations offers a comprehensive proven model for designing building and assessing every aspect of a multiple location training and development t d system stephen krempf and r wayne pace detail how to integrate training from multiple locations into a comprehensive organizational strategy and how corporate training can align those multiple locations with a single corporate vision training across multiple locations draws from numerous real life examples to show how distance learning technology including intra nets web based training and computer based training is being used to manage multi point training at companies like motorola ford boeing kinko s hewlett packard and others with technology the authors reveal training organizations are able to extend their reach and distribute training over a far wider audience in ways that may make current approaches to training less relevant and even obsolete and perhaps most importantly they provide a model for calculating return on investment roi for these technology based programs krempf and pace present a detailed review process

for evaluating the effectiveness of multiple location training and development systems and provide specific advice on how to conduct the review and how to share data to enhance unit effectiveness they also include a unique questionnaire that helps teams assess how well they are carrying out their t d responsibilities and how well they are integrating their activities into the corporate business plan training and development functions survive by maintaining relationships with critical decision makers at all levels in the organization this process is often described in terms of politics and power but training across multiple locations treats the issue simply in terms of how to get the job done the unique process described in this book will encourage better preparation and more informed discussions and decisions allowing managers to better anticipate problems and stay on top of key issues
