the declaration of the people s republic of china in october 1949 presented american foreign policy officials with two dilemmas how to deal with the communist government on the mainland and what to do about chiang kai shek s nationalist regime on taiwan by 1950 these questions were pressing hard upon u s civilian and military planners and policy makers for it appeared that the red army was preparing to invade the island most observers believed that nothing short of american military intervention would preclude a communist victory how u s officials grappled with the question of what to do about taiwan is at the heart of washington s taiwan dilemma today u s policy toward taiwan remains a highly charged and fundamentally divisive issue in u s china relations especially the security dimensions of that policy this volume is essential background reading for understanding the roots of this foreign policy dilemma

The Complete Works of Washington Irving: Short Stories, Plays, Historical Works, Poetry and Autobiographical Writings (Illustrated) 2015-06-07

excerpt from life of george washington the manuscript for the present volume was nearly ready for the press some months since but the author by applying himself too closely in his eagerness to finish it brought on a nervous indisposition which unfitted him for a time for the irksome but indispensable task of revision in this he has been kindly assisted by his nephew pierre munro irving who had previously aided him in the course of his necessary researches and who now carefully collated the manuscript with the works letters and inedited documents from which the facts had been derived he has likewise had the kindness to superintend the printing of the volume and the correction of the proof sheets thus aided the author is enabled to lay the volume before the public how far this the last labor of his pen may meet with general acceptation is with him a matter of hope rather than of confidence he is conscious of his own short comings and of the splendid achievements of oratory of which the character of washington has recently been made the theme grateful however for the kindly disposition which has greeted each successive volume and with a profound sense of the indulgence he has experienced from the public through a long literary career now extending through more than half a century about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Popular History of the United States of America 1879

price of power examines henry kissinger s influence on the development of the foreign policy of the united states during the presidency of richard nixon

Public Opinion 1889

in november 1774 a pamphlet to the people of america was published in philadelphia and london it forcefully articulated american rights and liberties and argued that the americans needed to declare their independence from britain the author of this pamphlet was charles lee a former british army officer turned revolutionary who was one of the earliest advocates for american independence lee fought on and off the battlefield for expanded democracy freedom of conscience individual liberties human rights and for the formal education of women renegade revolutionary the life of general charles lee ais a vivid new portrait of one of the most complex and controversial of the american revolutionaries leecos erratic behavior and comportment his capture and more than one year imprisonment by the british and his court martial after the battle of monmouth in 1778 have dominated his place in the historiography of the american revolution this book retells the story of a man who had been dismissed by contemporaries and by history few american revolutionaries shared his radical political outlook his cross cultural experiences his cosmopolitanism and his confidence that the american revolution could be won primarily by the militia or irregulars rather than a

centralized regular army by studying Lee's life his political and military ideas and his style of leadership we gain new insights into the way the American revolutionaries fought and won their independence from Britain
