updated with board specimen paper exam papers crisp revision topic wise revision notes mind maps mnemonics extensive practice with 3000 questions board marking scheme answers concept clarity with 1000 concepts 50 concept videos 100 exam readiness with previous year s exam questions mcqs following the normal practice in benedictine monasteries the obedientiaries of westminster abbey kept two quite different kinds of record and for distinct purposes their charters together with the cartularies and registers where these documents were so often copied made it possible for them to defend the abbey s properties and privileges when these were challenged by lay or ecclesiastical opponents their financial records the subject matter of this book assisted good housekeeping within their several departments and enabled them to survive the audit which each faced once a year at the hands of fellow monks only the abbot and prior were tacitly exempted from this testing experience the core of the collection of financial records consists of the so called final accounts prepared each year by obedientiaries other than the abbot and prior for scrutiny at the audit nearly 2 000 of these survive not counting second copies in the course of the year however obedientiaries made use of many other forms of financial record without these subsidiary records it would have been difficult or impossible to compile the final accounts and we can be confident that many were on the table at the audit and owe their survival to this circumstance description of the product fresh relevant with latest typologies topic wise revision notes mind maps mnemonics extensive practice with 3000 questions board marking scheme answers concept clarity with 1000 concepts 50 concept videos 100 exam readiness with previous year s exam questions mcqs the irish contribution to world theatre is famous but today awareness of irish theatrical activity is chiefly confined to the modern period this book corrects that imbalance with an unparalleled study of the early history of drama and performance in ireland from the seventh century through the sixteenth and seventeenth centuries and ending on the eve of the arrival of oliver cromwell the work of professional entertainers is discussed as is that of amateurs in theatricals sponsored by churches guilds civic authorities and aristocratic patrons drawing on a wide variety of sources many unpublished alan fletcher opens up a vibrant but forgotten irish landscape in which drama and performance collaborated actively in the mapping and manufacture of social history modern irish drama is acknowledged as having a rich and vibrant tradition drama performance and polity in pre cromwellian ireland helps to show how that vibrant tradition of drama and theatre has a very long history dr fletcher deals not only with performance traditions outside the pale in the sixteenth and seventeenth centuries but for the first time delves into such traditions as can be gleaned about gaelic ireland during the preceding millennium fletcher surveys the native traditions beyond the pale early and sixteenth century activities within dublin kilkenny drama provincial centres outside dublin and dublin in the seventeenth century up to the arrival of oliver cromwell when the irish theatres were closed description of the product 100 updated with latest syllabus questions typologies we have got you covered with the latest and 100 updated curriculum crisp revision with topic wise revision notes smart mind maps study smart not hard extensive practice with 700
