Actively Caring for People Policing 2016-09-20 a revolutionary new approach to policing that puts people over punishment experts have struggled to define the term police culture for most this label means a reactive approach to keeping people safe by using punitive consequences to punish or detain the perpetrators the result more attention is given to the negative reactive side of policing than a positive proactive approach to preventing crime by cultivating an interdependent culture of residents looking out for the safety health and well being of each other in actively caring for people policing authors e scott geller and bobby kipper show how police officers can play a critical and integral role in achieving such a community of compassion an actively caring for people policing

consequences are used to increase the quantity and improve the quality of desired behavior police officers are educated about the rationale behind using more positive than negative consequences to manage behavior and then they are trained on how to deliver positive consequences in ways that help to cultivate interpersonal trust and ac4p behavior among police officers and the citizens they serve the result humanistic behaviorism to enhance long term positive relations between police officers and the citizens they serve thereby preventing interpersonal conflict violence and harm

Epiphany Z 2016-10-25 a trend expert predicts what s next for fields like education and government while sharing how readers can shape their own futures epiphany z is a dynamic approach to envisioning comprehending and ultimately thriving in the radically different futures emerging around us at the speed of light distilling decades of research experience and proven success in correctly identifying and accurately extrapolating today s trends and innovations into tomorrow s realities futurist thomas frey gives you an advance ticket to the most explosive period of change in all of human history frey s unparalleled ability to detect emerging trends from the smallest of clues gives him an edge on other futurists now he s sharing the edge with you what are tomorrow s hottest industries what huge industries of today are doomed to extinction how will our lives be changed by advancements in robotics in drone technology and in manufacturing and transportation how can education cope with the explosive new world of enhanced information hyperactive business environments and unimaginable cultural shifts who will be the masters of tomorrow s universe and who will be left behind above all how can you protect yourself from the most disruptive aspects of the changes sweeping your way as well as become one of the masters of these changes those changes are taking place now thomas frey shows where they will be taking all of us tomorrow and offers a roadmap for the future
