China's Dilemma 2001 china s dilemma is the first major study of the web of
international relations between the us china and taiwan china has long
hesitated integration with its island neighbor preferring instead to focus on
internal modernization and reform taiwan on the other hand has forced the
issue endlessly reworking and restating its policy towards china the us has
for taiwan been used as a bargaining chip in its dealings with china knowing
how important a good relationship between the two super states is to china
sheng lijun s study examines how the status of taiwan has been one of the
most complex and politically loaded issues facing china since the cold war
Taiwan and China 2017-09-26 at publication date a free ebook version of this

China's Rise, Taiwan's Dilemma's and International Peace 2006-03-13 if we are
to believe the media then a war between china and taiwan is inevitable
incorporating interviews archives and original research this book examines
the troubled relationship between china taiwan and the us bringing taiwanese
views on identity politics to the forefront of the discussion centering on
the primary issues facing taiwan china and the us the book analyzes taiwan s
need to prevent china s rule suffocating their cherished democracy it
questions whether china will pursue military force to achieve political and
economic dominance over taiwan and how the us proposes to maintain peace
between these two countries to ensure both a continuation of democracy in
taiwan and good relations with china in highlighting these issues the book
seeks to offer practical policy alternatives that could help to advance the
cause of freedom and international peace featuring chapters from an
international group of academics the book makes a valuable edition to the
understanding of taiwan china relations within an international context

The Taiwan-china Connection 2018-03-05 exploring the transitional role of the

human behavior and the social environment shifting paradigms in essential knowledge
economic relations have been transformed in the 1990s with cross straits
trade playing a key part although politically embarrassing to the government
this trade provides an economic opportunity that is irresistibly attractive
to business interests thus cross straits trade and investment have served as
a fulcrum by which societal interests have moved an unwilling state going
beyond the strong state paradigm the author s analysis of current cross
straits economic policies reveals a sharp contrast between taiwan s
authoritarian past and its current era of democratization weighing the
crucial forces at work in taiwan democratization state society interaction
and economic interdependence with mainland china leng provides a thorough
analysis of taiwan s political and economic development in the 1990s and
beyond

Dangerous Strait 2005 today the most dangerous place on earth is arguably the
taiwan strait where a war between the united states and china could erupt out
of miscalculation misunderstanding or accident how and to what degree taiwan
pursues its own national identity will have profound ramifications in its
relationship with china as well as in relations between china and the united
states events late in 2004 demonstrated the volatility of the situation as
taiwan s legislative elections unexpectedly preserved a slim majority for
supporters of closer relations with china beijing nevertheless threatened to
pass an anti secession law apt to revitalize pro independence forces in
taiwan and make war more likely taking change as a central theme these essays

China and Taiwan 2015-11-12 relations between taiwan and the people s
republic of china have oscillated between outright hostility and wary detente
ever since the archipelago seceded from the communist mainland over six
decades ago while the mainland has long coveted the island taiwan has
resisted aided by the united states which continues to play a decisive role
in cross strait relations today in this comprehensive analysis noted china
specialist steven goldstein shows that although relations between taiwan and
its larger neighbor have softened underlying tensions remain unresolved these
embers of conflict could burst into flames at any point engulfing the whole
region and potentially dragging the united states into a dangerous
confrontation with the prc guiding readers expertly through the historical
background to the complexities of this fragile peace goldstein discusses the
shifting economic political and security terrain and examines the pivotal
role played by the united states in providing weapons and diplomatic support
to taiwan whilst managing a complex relationship with an increasingly
powerful china drawing on a wealth of newly declassified material this
compelling and insightful book is an invaluable guide to one of the world s
riskiest long running conflicts

of ma ying jeou as taiwan s president in 2008 the relationship across the
taiwan strait long viewed as one of asia s most volatile potential
flashpoints has experienced a remarkable détente whether the relationship has
been truly transformed however remains an open question and the taiwan strait
remains a central regional and global security issue a return to turbulence
in the taiwan strait could also add a new dimension of instability in the
already tense maritime disputes in the east and south china seas while the
relationship across the taiwan strait remains critically important it is also
changing rapidly and the chapters in this volume present new thinking to help
make sense of complex cross strait dynamics specifically these essays explore
different security and or globalization dimensions of china taiwan ties as
well as the globalization security linkages that have emerged as the balance
of power in asia shifts dramatically several chapters in this volume explore
how traditional security forces are evolving at the same time there are new
dynamics emerging as a consequence of globalization forces such as the
tremendous economic and social integration across the taiwan strait and
several chapters in this volume consider some of these new problems finally
several chapters consider the often under researched dynamics associated with
the globalization security interface such as cyber threats transnational
criminal networks and the security spill over impact of human behavior and the
globalization this book will of much interest to students of chinese politics

Taiwan's Impact on China 2017-01-24 this book is about the basis and scope of
impact that taiwan a democracy with a population of around 23 million has on
china the most powerful remaining leninist state which claims sovereignty
over taiwan and has a population of over 1.3 billion it examines how taiwan
has helped china in its economic transformation but argues that the former
exercises greatest influence through its soft power the expert and timely
contributions in this book demonstrate how taiwan exerts real influence in
china through admiration of its popular culture be it in music or literature
as well as its reach into politics and economics as mainland chinese visit
taiwan they are most impressed with civility in everyday living based on a
modernized version of the traditional chinese culture however social conditions in
taiwan also reveal the limits of taiwan s impact as the chinese government
