## Superheroes Smash the Box Office

2023-09-06

in 1997 the superhero movie was all but dead the last superman flick had been released a decade earlier to disastrous reviews and ticket sales the most recent batman film was a franchise killing bomb and an oft promised spider man feature was grounded yet a mere five years later this once derided genre would be well on its way to world domination at the box office and even critical respectability how did this happen and why two decades later does the phenomenon show no sign of abating here for the first time is an extensively researched soup to nuts history of the superhero movie from the first bargain basement black and white serials to today s multiverse blockbusters chronicling eight decades of stops and starts controversies and creators good guys and bad guys onscreen and off this entertaining account explains how and why our entertainment universe came to be overpowered by costumed crimefighters and their nefarious counterparts

## 2020 7 8

2020-07-18

increasingly over the past decade fan credentials on the part of writers directors and producers have come to be seen as a guarantee of quality media making the fanboy auteur figures like joss whedon are both one of us and one of them this is a strategy of marketing and branding it is a claim from the auteur himself or industry pr machines that the presence of an auteur who is also a fan means the product is worth consuming such claims that fan credentials guarantee quality are often contested with fans and critics alike rejecting various auteur figures as the true leader of their respective franchises that split between assertions of fan and auteur status and acceptance or not of that status is key to unravelling the fan auteur in a portrait of the auteur as fanboy the construction of authorship in transmedia franchises authors anastasia salter and mel stanfill examine this phenomenon through a series of case studies featuring fanboys the volume discusses both popular fanboys such as j j abrams kevin smith and joss whedon as well as fangirls like j k rowling e l james and patty jenkins and dissects how the fanboy fangirl auteur dichotomy is constructed and defended by popular media and fans in online spaces and how this discourse has played in maintaining the exclusionary status quo of geek culture this book is particularly timely given current discourse including such incidents as the controversy surrounding joss whedon s so called feminism the publication of harry potter and the cursed child and contestation over authorial voices in the dc cinematic universe as well as broader conversations about toxic masculinity and sexual harassment in hollywood

the first significant publication devoted entirely to trevor jones s work the screen music of trevor jones technology process production investigates the key phases of his career within the context of developments in the british and global screen music industries this book draws on the direct testimony of the composer and members of his team as well as making use of the full range of archival materials held in the university of leeds s unique trevor jones archive which was digitized with support from the arts and humanities research council through a comprehensive series of chapters covering jones s early career to his recent projects this book demonstrates how jones has been active in an industry that has experienced a prolonged period of major technological change including the switchover from analogue to digital production and post production techniques and developments in computer software for score production and sound recording editing this is a valuable study for scholars researchers and professionals in the areas of film music film score production and audio visual media

## ***The Superhero Multiverse***

2019-11-27

named a nonfiction book awards gold winner by the nonfiction authors association gold winner of the 2022 elit book award for popular culture winner of a national indie excellence award in the category of movies tv book of the year 2021 in african studies awarded by cestaf winner of the 2022 best book award in the category of performing arts black panther is one of the most financially successful and culturally impactful films to emerge from the american film industry in recent years when it was released in 2018 it broke numerous records and resonated with audiences all around the world in ways that transcended the dimensions of the superhero film in black panther interrogating a cultural phenomenon author terence mcsweeney explores the film from a diverse range of perspectives seeing it as not only a comic book adaptation and a superhero film but also a dynamic contribution to the discourse of both african and african american studies mcsweeney argues that black panther is one of the defining american films of the last decade and the most remarkable title in the marvel cinematic universe 2008 the mcu has become the largest film franchise in the history of the medium and has even shaped the

contours of the contemporary blockbuster but the narratives within it have almost exclusively perpetuated largely unambiguous fantasies of american heroism and exceptionalism in contrast black panther complicates this by engaging in an entirely different mythos in its portrayal of an african nation never colonized by europe as the most powerful and technologically advanced in the world mcsweeney charts how and why black panther became a cultural phenomenon and also a battleground on which a war of meaning was waged at a very particular time in american history
