Aikido the Contemporary Martial Art of Harmony Training Methods and Spiritual Teachings (English translation of Aikido book)

2019-10-07

this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1879 edition excerpt vii the portrait antique art had immutable rules even laws in regard to beauty i have already spoken of the invariable divisions reproduced in greek faces it is useless to repeat them here your model has not perhaps the antique form of face you rarely meet with it the forehead forms with the nose two very different lines between the eye and the eyelid you have an enormous distance the mouth is quite far from the nose and you have a retreating chin something else is added to complete the want of resemblance the ears are flat the neck small and thin and the whole scarred by wrinkles or other causes all this is not beautiful and you have now more than ever need of the rules which i gave you before make all your forms and lines in accordance with that which constitutes beauty keeping within the limits of truth and you will obtain a result astonishing to every one that which you put upon your canvas will be much less ugly than the model there are in nature as i have said individual characteristics which are charming the features and forms which give to every one a particular character are what are necessary to respect it is well even to develop them and you can without fear reconcile this development to the corrections made according to the prescribed rules of beauty be careful not to give to your portrait theatrical positions be simple and modest in your pose as in your expression we ought to feel in sympathy with the portrait that we work upon give above all things an air of gentility to what you represent if a woman is your model let her direct you she knows well her best physical qualities in the space of an hour being face to face with the painter she will show all her most beautiful points

The Practice of Art History

1999

although this is a clinical text it is also more a conversation than a book it is a means of sharing the work of artists most of whom have varying degrees of special needs it emphasizes that handicapping conditions do not constitute a barrier for creating therapeutically meaningful art the precepts of edith kramer focus on subtly suggesting media content or techniques all without interfering with the artist s preferences this intervention

came to be known as the third hand where the artist in therapy is free to accept reject or ignore the therapist's suggestions the case vignettes describe how aesthetic richness is also illustrative of the uniqueness of clients clinical stories with the artists emotional or behavioral challenges overcoming and even benefiting by their conditions the work of early pioneers who influenced kramer's illustrate how her own analytical methods later shaped her approach the format in this book also questions the author as being the ultimate authority by posing questions to the reader says a kind of dialogue that emphasizes there are no absolutes in art behavioral science or therapy while espousing kramer's and his own ideas henley also includes those of other art therapists who contribute their own expertise in the hope that the analyses will be enriched from multiple perspectives dr henley describes how her therapeutic interventions were debated during their many years of collegial interaction by describing kramer's early influences and personal art history he describes how kramer's interventions helped innumerable clients and trained hundreds of student therapists these facets will hopefully enable creative arts therapists to implement her patented artist centered interventions the processes and artistic outcomes will lead the way guiding the reader toward the uses of the third hand and hopefully bring alive the uniqueness of these special artists stories

the sage handbook of qualitative business and management research methods provides a state of the art overview of qualitative research methods in the business and management field bringing together a team of leading international researchers the chapters offer a comprehensive overview of the key methods and challenges encountered when undertaking qualitative research in the field the chapters have been arranged into three thematic parts part one examines a broad spectrum of contemporary methods from autoethnography and discourse analysis to shadowing and thematic analysis part two presents an overview of key visual methods such as photographs drawing video and web images part three explores methodological developments including aesthetics and smell fuzzy set comparative analysis and beyond

Method in Ancient Philosophy

1998

Method in Ancient Philosophy is a collection of essays by leading scholars in the field of ancient philosophy. The essays explore the methods used by ancient philosophers to investigate the nature of reality, knowledge, and the human good. The book is divided into three parts: the first part discusses the methods of the pre-Socratic philosophers, the second part discusses the methods of the classical Greek philosophers, and the third part discusses the methods of the medieval and modern philosophers. The book is a valuable resource for students and scholars alike.
