LCS (Liquidation and Claims System) Procedures **1993**

australia s medical indemnity claims 2010 11 looks at the number nature and costs of public sector excluding western australia and private sector medical indemnity claims in 2010 11 there were more new claims in the public than the private sector 1 500 and 1 300 respectively and similar numbers closed across the sectors 1 400 in the public sector and 1 450 in the private sector about half of closed claims 53 were for less than 10 000 compared with 41 settled for between 10 000 and 500 000 and 6 settled for 500 000 or more

Cases Decided in the United States Court of Claims ... with Report of Decisions of the Supreme Court in Court of Claims Cases 1978

the law governing the international claims of dual nationals relates to and is influenced by the wider subject of the individual s standing at the international level but while the latter had as a result of modern trends in human rights hugely improved as from the middle of the last century no occasion to test its impact on such claims had arisen prior to the 1980s when the iran united states claims tribunal justifiably described as the most influential arbitral institution in the history of international adjudication first became involved with the issue the significance of the tribunal s jurisprudence on the subject is not however limited to the judicial support it gives to the international rights of the individual having made its basic findings of law on the subject the tribunal has proceeded to apply them for some twenty years to a host of cases of widely different characters the result is a wealth of material comprehensively reviewed in this book for the first time which is likely to be of some benefit to those interested in this area of international law
