Hidden in His Own Story

hidden in his own story is an invitation to reconsider and re imagine both the humanity and divinity of Jesus. It is an invitation to people who are not familiar with the Bible stories and have only heard them through other sources, also to many who have rejected traditional interpretations of the stories as religious dogma, and to many people who are so steeped in the stories that they have become cliché. Even the most clever storyteller or writer of fiction can never totally disguise or deny their personal influence on the story, and most of us have had the experience of someone beginning a story with "I know a person who" when in fact that person is the one telling the story. Why not imagine the same when Jesus says, "once there was a man"?

in short i believe a little bit of religion is a good thing whether or not you fully embrace the idea of god i believe that judaism should accept this approach and help its adherents translate their deep inherent religious needs with the symbols and practices of our ancient tradition judaism understands that not only does it have to adapt as part of its cultural dance but it also has to choose and to create in order to complete its mission to help modern jews the children of spinoza and the disciples of einstein to stay on course to see the poetry written into the cosmos and to help one another on the road to contentment with kindness with concern and with love every once in a while somebody comes to me and says rabbi i m so glad i m jewish rabbi i m lucky i have what i need i have what i want and i smile and count my blessings too
