climate change this book provides an insight into the meso and cenozoic record of amazonia that was characterized by fluvial and long lived lake systems and a highly diverse flora and fauna this fauna includes giants such as the ca 12 m long caiman purussaurus but also a varied fish fauna and fragile molluscs whilst fossil pollen and spores form relics of ancestral swamps and rainforests finally a review the molecular datasets of the modern amazonian rainforest and aquatic ecosystem discussing the possible relations between the origin of amazonian species diversity and the palaeogeographic palaeoclimatic and palaeoenvironmental evolution of northern south america the multidisciplinary approach in evaluating the history of amazonia has resulted in a comprehensive volume that provides novel insights into the evolution of this region the lloyd s register of shipping records the details of merchant vessels over 100 gross tonnes which are self propelled and sea going regardless of classification before the time only those vessels classed by lloyd s register were listed vessels are listed alphabetically by their current name the history of the flight began with the formation of the historic aircraft flight in july 1957 it was later to become known as the battle of britain memorial flight countless displays and fly pasts have enthralled audiences and enthusiasts all over britain and in many parts of europe when the traditional avro lancaster spitfire and hurricane can be seen in their wartime colors and the growl of all six merlin engines stirs many nostalgic memories this book is written with the wholehearted support of the flight s commanding officer and the author has access to archive material the book includes a foreword from the oc bbfm a complete history of the unit chapters on each of the types operated including the dc 3 dakota and de havilland chipmunk and present day operations photos include superb images from the bbfm archives the author s collection that includes historic black and white shots from the early days air to air color personalities and behind the scenes images this is the ultimate souvenir of the celebration of the bbfm s 50th anniversary reviews clearly the definitive history of this unit it is a very easy and enjoyable read that is more than just a history of the flight s activities it is a history of a national tribute to all who have served and continue to continue to serve air power history spring 2009 there is a lot of hype hand waving and ink being spilled about artificial intelligence ai in business the amount of coverage of this topic in the trade press and on shareholder calls is evidence of a large change currently underway it is awesome and terrifying you might think of ai as a major environmental factor that is creating an evolutionary pressure that will force enterprise to evolve or perish for those companies that do survive the silicon wave sweeping through the global economy the issue becomes how to keep their humanity amidst the tumult what started as an inquiry into how executives can adopt ai to harness the best of human and machine capabilities turned into a much more profound rumination on the future of humanity and enterprise this is a wake up call for business leaders across all sectors of the economy not only should you implement ai regardless of your industry but once you do you should fight to stay true to your purpose your ethical convictions indeed your humanity even as our organizations continue to evolve while not holding any punches about the dangers posed by overpowered ai this book uniquely surveys where technology is limited and gives reason for cautious optimism about the true opportunities that lie amidst all the disruptive change currently underway as such it is distinctively more optimistic than many of the competing titles on big technology this compelling book weaves together business strategy and philosophy of mind behavioral psychology and the limits of technology leadership and law the authors set out to identify where humans and machines can best complement one another to create an enterprise greater than the sum total of its parts the humachine combining the global business and forecasting acumen of professor nada r sanders phd with the legal and philosophical insight of john d wood esq the authors combine their strengths to bring us this profound yet accessible book this is a must read for anyone interested in ai and the future of human enterprise the lloyd s register of yachts was first issued in 1878 and
