Handbook of Second Language Assessment

2016-03-07

second language assessment is ubiquitous it has found its way from
education into questions about access to professions and migration this
volume focuses on the main debates and research advances in second
language assessment in the last fifty years or so showing the influence
of linguistics politics philosophy psychology sociology and
psychometrics there are four parts which when taken together address the
principles and practices of second language assessment while considering
its impact on society read separately each part addresses a different
aspect of the field part i deals with the conceptual foundations of
second language assessment with chapters on the purposes of assessment
and standards and frameworks as well as matters of scoring quality
assurance and test validation part ii addresses the theory and practice
of assessing different second language skills including aspects like
intercultural competence and fluency part iii examines the challenges
and opportunities of second language assessment in a range of contexts
in addition to chapters on second language assessment on a national
scale there are chapters on learning oriented assessment as well as the
uses of second language assessment in the workplace and for migration
part iv examines a selection of important issues in the field that
deserve attention these include the alignment of language examinations
to external frameworks the increasing use of technology to both deliver
and score second language tests the responsibilities associated with
assessing test takers with special needs the concept of voice in second
language assessment and assessment literacy for teachers and other test
