issue with main engine belt failing i have now replaced this belt and all other engine belts when i start the engine and let it idle there is a noise that kicks in after about 30 seconds there is a volvo kad 32 diesel super and turbo 170hp 2001 installed is there anything in particular i should be looking out for any known faults with the engine the supercharger has been replaced last year there s load of receipt s for all the service history so i presume it was well taken care of hello all i m having problems with a volvo penta kad32 i did a filter oil change last weekend oil fuel crankcase and air filter since then i can t get it to rev above 2000revs under load i ll rev to max out of gear but i ve noticed that the compressor doesn t kick in at all now i m not in the habit of giving it max revs out of gear so aug 4 2011 1 hello all i have a vessel with twin volvo penta kad32 engines model year 2003 often in this year the engine on the bb side will not stop when i rotate the ignition key to stop the engine if i look to the black box on the engine i see the automatic switch is broken brand volvo penta category engine size 7 19 mb table of contents 4 safety precautions 5
