Philippines 2019-05-16 this technical assistance report highlights institutional weaknesses that need to be addressed and proposes eight priority reform measures to strengthen the public investment management framework in the philippines this report reviews public investment management practices in the philippines using the imf s public investment management assessment pima methodology the pima findings could guide the upcoming public expenditure review that is likely to be completed with the support of the world bank the pima provides a broad overview of institutional strengths and weaknesses along the public investment cycle strengthening public investment management in the philippines would help maximize the return from the infrastructure investment in the coming years while the public investment management institutions in the philippines are generally comparable to emerging market economies there is scope to improve performance standard methodologies for maintenance planning and costing of infrastructure assets exist for certain types of assets and the same practice should be extended to other sectors it would also be beneficial to establish a central monitoring mechanism to ensure the routine maintenance of major infrastructure assets

OECD Investment Policy Reviews: Philippines 2016 2016-05-12 this review assesses the overall investment climate in the philippines looking at investment policy investment promotion and facilitation competition policy infrastructure investment and responsible business conduct *Engineering Management* 1996 in this volume a leading group of scholars pose the question has the philippine economy rejoined the dynamic east asian mainstream and if so what set of policies and priorities are required to maintain the strong economic momentum of recent years successive chapters address issues related to growth and poverty infrastructure and urbanization education health the environment energy development finance and governance and institutions the book has been written with a broad audience in mind first and foremost it is for readers in and interested in this fascinating and important country with a population that now exceeds a hundred million second it will appeal to those in the broader development community with an interest in the analytical and policy challenges that democratic middle income countries face as they struggle to lift their citizens out of poverty and to achieve broad based and environmentally sustainable growth

Strength of Materials 2018-09-10 proper public procurement practices directly reflect good governance transparent and effective procurement practices minimize expenditure and create opportunity procurement is an enormous component in the process by which governments build infrastructure such as schools and hospitals it involves the management of significant amounts of money and is therefore often the cause for allegations of corruption and government inefficiency the difference between getting public procurement right and doing it wrong has the potential to be either highly rewarding or highly damaging in some nations reforms implemented to improve the efficiency of public procurement have resulted in savings of 1 of a country s gross domestic product one can see why public procurement is so significant to the development of a country and its people

Report and Recommendation of the President to the Board of Directors on a Proposed Loan and Technical Assistance Grant to the Republic of the Philippines for the Sixth Road Project

2013-12-01 a union list of serials commencing publication after dec 31 1949

The Philippine Economy 1999 should people in the way lose out as new reservoirs mines plantations or superhighways displace them from their homes and livelihoods what if the process of resettlement were made accountable to those impacted empowering them to achieve just outcomes and to share in the benefits of development projects this book seeks to answer these questions putting forward powerful counterfactual case studies to assess what problems real world development projects would likely have avoided if the project had included the affected people in decision making about whether and how they should resettle drawing on contributions from leading and emerging scholars from around the world this book considers cases involving dams mines roads and housing amongst others from asia africa and south america in each case the counterfactual approach invites us to reconsider how the dynamics of accountability play out through resettlement hazards and the asymmetries of power relations in the negotiation of displacement benefits and redress considering a range of theoretical and ethical perspectives the book concludes with practical alternative policy suggestions for displacement arising both from development and from slow onset climate change this book s novel approach focussing on the people s agency in the dynamics of governance accountability and dis empowerment in development projects with displacement and resettlement will appeal to academic researchers development practitioners and policymakers

Philippines 2005 the annual economic outlook for southeast asia china and india examines asia s regional economic growth development and regional integration process

New Serial Titles 2023-12-01 this book describes challenges in the policy and practices of the various water sectors in the philippines that have led to water conflicts such conflicts arise in the nature of rural urban competition trans administrative boundary issues and inconsistencies between customary and state rules and even within state rules using inter multi and trans disciplinary approaches and analysing from various scales community local and national governments the book discusses policies and strategies needed towards achieving water security especially for the poor reflective of the complex and urgent water policy and governance issues in many developing countries the book offers valuable lessons and insights to policy makers water

sector managers planners and regulators as well as to academics researchers and students
Official Gazette 2010 most southeast asian countries have until recently had a long period of rapid and reasonably equitable growth this remarkable performance was achieved largely because sound policies were implemented effectively by capable institutions with competent staff this is especially true in key policy areas such as macroeconomic management product transformations trade and investment promotion and infrastructure development many developing economies in asia and the pacific including the new and potentially new members of asean namely camodia lao people s democratic republic myanmar and viet nam which are facing enormous challenges resulting from domestic economic reforms and exposure to the international economy could benefit from the experiences of institution and human resource capacity building in older asean countries this publication contains an overview and four country studies of indonesia malaysia the philippines and thailand

Resettlement with People First 2016-01-22 providing a detailed and comparative assessment of the humanitarian responses to a series of major disasters in asia over the past two decades including massive earthquakes volcanic eruptions and tsunamis this book explores complex and changing understandings and practices of relief recovery and reconstruction these critical investigations raise questions about the position and responsibilities of a growing range of stakeholders and provide in depth explorations of the ways in which local communities are transformed on multiple levels not only by the impact of disaster events but also by the experiences of rebuilding this timely volume highlights how the experiences of asia can contribute towards post disaster responses globally to safeguard future communities and reduce vulnerabilities this is a valuable resource for academic researchers interested in post disaster transformations and development studies practitioners in ngos and government officials dealing with disaster response and disaster risk reduction
