Building Web Apps for Google TV **2011-06-23**

by integrating the with traditional tv google tv offers developers an important new channel for content but creating apps for google tv requires learning some new skills in fact what you may already know about mobile or desktop web apps isn t entirely applicable building apps for google tv will help you make the transition to google tv as you learn the tools and techniques necessary to build sophisticated web apps for this platform this book shows you how google tv works how it fits into the web ecosystem and what the opportunities are for delivering rich content to millions of households discover the elements of a compelling tv web app and what comprises tv friendly navigation learn the fundamentals for designing the 10 foot user experience work with the google chrome browser on a tv display and migrate an existing site use examples for developing a tv web app including the ui controls and scrolling understand how to optimize deliver and protect video content for google tv help users discover your content by optimizing your site for search especially videos

Community in the Digital Age **2004-07-26**

is the internet the key to a reinvigorated public life or will it fragment society by enabling citizens to associate only with like minded others online community has provided social researchers with insights into our evolving social life as

suburbanization and the breakdown of the extended family and neighborhood isolate individuals more and more the internet appears as a possible source for reconnection are virtual communities real enough to support the kind of personal commitment and growth we associate with community life or are they fragile and ultimately unsatisfying substitutes for human interaction community in the digital age features the latest most challenging work in an important and fast changing field providing a forum for some of the leading north american social scientists and philosophers concerned with the social and political implications of this new technology their provocative arguments touch on all sides of the debate surrounding the internet community and democracy

Getting Organized in the Google Era 2010
