Working Hard to Be a Doctor

2019-08-29

interest in financial services marketing has grown hugely over the last few decades particularly since the financial crisis which scarred the industry and its relationship with customers it reflects the importance of the financial services industry to the economies of every nation and the realisation that the consumption and marketing of financial services differs from that of tangible goods and indeed many other intangible services this book is therefore a timely and much needed comprehensive compendium that reflects the development and maturation of the research domain and pulls together in a single volume the current state of thinking and debate the events associated with the financial crisis have highlighted that there is a need for banks and other financial institutions to understand how to rebuild trust and confidence improve relationships and derive value from the marketing process edited by an international team of experts this book will provide the latest thinking on how to manage such challenges and will be vital reading for students and lecturers in financial services marketing policy makers and practitioners

New York Journal of Medicine

2024-04-28

edited and written by an international who s who of more than 100 authors including

anesthesiologists nurse anesthetists bench scientists a surgeon and representatives of industry this text provides a comprehensive history of anesthesia unique in its focus on the people and events that shaped the specialty around the world particularly during the past 70 years when anesthesia emerged from empiricism and developed into a science based practice
