rich vs poor and clean vs dirty in the 3rd story there are 100 pairs of antonymous nouns e g life vs death water vs fire and friend vs enemy can you find all of the 300 antonymous pairs in this book and write down the list in chinese 3 how to use this book to get the maximum learning effects you should read this book for at least four times for the 1st time you can quickly read through the stories and learn new chinese words and sentence patterns by comparing the chinese text with the english text side by side for the 2nd time you should try to identify all the antonymous word pairs and write them down in chinese for the 3rd time you should cover the english text with a piece of paper and read the chinese text only in order to test how many new words and sentence structures you have mastered for the 4th time you can try translating the english text into chinese to reinforce your memory and put your chinese knowledge into maximum use learning chinese requires determination repetition and dedication start your journey of active chinese learning today mandarin chinese simplifies english bilingual children s book perfect for kids studying english or mandarin as their second language a story told by a girl who finds a way to make her mom feel better and happier funny small animal stories in english mandarin chinese and pinyin suitable for young adults learning to read in chinese language and practice pinyin little monkey meets a cute hedgehog on his way going downhill together they start an adventure they talk to each other in an interesting daily chinese way what would they experience let s find out chinese english bilingual children s book perfect for kids studying english or chinese as their second language accidentally jimmy ruined his mother favourite flowers will it help if he lies or is it better to tell the truth the new potter chinese english bilingual reader is volume one of the world chinese bilingual readers series this series consists of stories from around the world written bilingually with carefully controlled vocabulary and grammar making them suitable for learners and users of both chinese and english a variety of realistic and exciting themes encourage reading for pleasure parallel series include bilingual readers and translation workbooks to encourage self study teaching learning and translation to from other languages the bilingual readers support user preference being presented in 2 formats depending on the language that appears first in each paragraph these bilingual readers also provide an expert translation solution for the complementary translation workbooks which can be used to stimulate written and or oral translation the new potter grandfather is becoming too old to make pots anymore who will take over his work his grand daughter jamilah is the only person interested but making pots is not a girl s work bilingual dictionaries inc is the publisher of the word to word bilingual dictionaries series with over 30 languages that are 100 word to word the word to word series provides ell students with standardized bilingual dictionaries approved for state testing students with different backgrounds can now use dictionaries from the same series that are specifically designed to create an equal resource that strictly adheres to the guidelines set by districts and states chinese english bilingual children s book perfect for kids studying english or chinese as their second language jimmy the little bunny is in trouble accidently he ruined his mother favourite flowers will it help if he lies or is it better to tell the truth and try to solve the problem in different way this book provides readers with a detailed sketch of the mandarin competence of chinese children in singapore from different home language backgrounds their mandarin competence is defined in terms of lexical diversity syntactic complexity and code switching tendency the findings presented show that there are statistical differences in lexical diversity and syntactic complexity among the compared groups of children and these differences in linguistic competence were found to be positively correlated to increased mandarin exposure at home they also demonstrate that there are statistical differences in code switching tendency among the groups of children compared which were found to be negatively correlated to increased exposure to mandarin at home a general relationship between home language exposure and mandarin competence was established although this relationship was found to be volatile especially among children who are more bilingually exposed this book shares these findings with linguists language educators and language policymakers both local and international an interactive and entertaining way for children or adults to learn words in english and chinese chinese english bilingual children s book perfect for kids learning english or chinese as their second language fun children s story with educational message jimmy the little bunny doesn t start off knowing how to ride a two wheeler bike when dad shows

jimmy how not to be afraid to try something new that s when the fun begins this volume brings a mixed group of researchers together to discuss issues in bilingual or trilingual education for the majority and minority nationality groups in china and to explore the relationship between the two the book consists of elementary and pre intermediate courses with parallel chinese english texts the author maintains learners motivation with funny stories about real life situations such as meeting people studying job searches working etc the method utilizes the natural human ability to remember words used in texts repeatedly and systematically the author composed each sentence using only words explained in previous chapters the second and the following chapters of the elementary course have only about thirty new words each phonetic transcription pinyin transcribes the sounds of mandarin using the western roman alphabet the book is equipped with the audio tracks the address of the home page of the book on the internet where audio files are available for listening and downloading is listed at the beginning of the book on the copyright page as you read a bilingual reader your brain begins to remember words and phrases simply because you are exposed to them several times you don t even realize until you must recall what you ve learned that you have already learned the new words and phrases the graded language book with a parallel translation has helped many to uncover their potential for learning multiple languages whether you are learning a language as a hobby or for a necessary purpose you will find such books are supportive it can usually take you from one to three months to finish a bilingual graded reader at beginner level a1 and elementary level a2 the amount of time depends on your previous experience with learning foreign languages and on your personal abilities at this point you should be able to ask and answer simple questions with the following questioning words what who where when which how many much a good idea is to use the free vlc media player to control the playing speed you can control the playing speed by decreasing or increasing the speed value on the button of the vlc media player s interface read and listen at the same time this first one of its kind chinese english bilingual textbook is written by chinese american author mr bill li a linguist teacher and author who specializes in chinese as a foreign language with a focus on the specific needs of children from non chinese speaking families chinese for young beginners book 1 contains 10 lessons covering numbers colors daily greetings my home school calendar time weather family and friends the features of the textbook are activity based various exercises mini dialogues expanding students vocabulary and conversational skills quizzes for reading abilities and 200 new words expressions designed for teachers and parents of children between five and ten years old this textbook creates a context for a nurturing and interactive learning environment where chinese listening speaking reading and writing skills are acquired through language usages in real life situations and small group or one on one activities it attempts to fill the gap between the increasing demand of learning chinese at an early age and the lack of teaching materials with age appropriate contents that are relevant to american children s daily life cultural environment and imagination chinese english bilingual children s book perfect for kids studying english or chinese as their second language a touching story told by a first grade girl a girl who finds a way to make her mom feel better and happier nothing can be more precious than the time they spend together playing this children s story has a message for children and parents alike teaching kids compassion and creativity while reminding parents the importance of quality time with their children chinese english bilingual children s book simplified perfect for kids learning english or chinese as their second language danny talks about his day and learns you can always find something to be grateful for the book consists of elementary and pre intermediate courses with parallel chinese english texts the author maintains learners motivation with funny stories about real life situations such as meeting people studying job searches working etc the alarm method approved learning automatic remembering method utilize natural human ability to remember words used in texts repeatedly and systematically the author had to compose each sentence using only words explained in previous chapters the second and the following chapters of the elementary course have only about 30 new words each phonetic transcription pinyin transcribes the sounds of mandarin using the western roman alphabet audio tracks are inclusive on w lppbooks com chinese firstchinesereader audio en chinese english bilingual children s book perfect for kids studying english or chinese as their second language
