**WALNECK'S CLASSIC CYCLE TRADER, APRIL 2000** 2002-04 it s 1901 and a guy named harley has an idea put an engine on a bicycle what outside his door carts are still pulled by horses and autos are a rare sight for goodness sake it s 1908 and a harley davidson motorcycle sets a record by getting 188 miles to a gallon of gas it s 1909 and the company introduces something new to its line a v twin cylinder engine fast forward to the twenty first century and the technical innovation hasn t stopped but there s a lot more than just choppers in the mix

examples the harley davidson racing team adds a seventeen year old girl to the roster 250 000 people help celebrate harley s 100th anniversary in milwaukee wisconsin and a museum devoted to the company s products opens up clearly this is a company unlike any other how did harley do it how did it go from making motorcycles to creating a harley experience that puts hundreds of thousands of people aged sixteen to one hundred on the road traveling to events each year where they can meet company officials and other harley riders that s what this book is all about honda may match harley davidson for quality and perhaps innovation but no one has matched the company for its ability to create buzz marketing and turn casual riders into unofficial sales people harley davidson it turns out isn t just in the motorcycle business as its mission statement points out it s in the business of fulfilling dreams as author missy scott shows harley davidson is a rare company in other ways its loyal workforce for one thing is guided by principles like trust and respect for the individual for another the company has made a superb effort to keep jobs in the u s when it would be far cheaper and easier to use offshore labor teetering on the brink of bankruptcy in the early 1980s harley has roared back to capture the hearts of riders the world over including the million plus

members of the harley owners group members are known naturally as hogs this book explains the importance of the company and the essential disruptions that changed business forever details harley s origins and history presents biographies of the founders and the historical context in which they launched the company explains harley s strategies and innovations assesses harley s impact on society technology processes and work methods details financial results over the years predicts harley s future prospects and successes in addition scott offers special features that include a look at the colorful people associated with harley interesting trivia a harley davidson time line a focus on products a look at how the company treats its workers what its detractors have to say and where the company is headed harley davidson a company that changed and is changing the world

**WALNECK'S CLASSIC CYCLE TRADER, JUNE 1994** 2017-04-18 when anyone  
 thinks of motorcycling whether they are enthusiasts or only casually  
 interested the name harley davidson immediately comes to mind harley  
 davidson is among the oldest surviving motorcycle manufacturers the  
 company began in 1903 and continues to this day as you can imagine

over the course of more than 100 years the company has seen prosperous times as well as lean times changes in focus and direction evolution and revolution all of that leads to a lot of company history and trivia american iron magazine associate editor tyler greenblatt has compiled 1 001 harley davidson facts into this single volume with subjects ranging from the historic powertrains to pop culture to harley davidson as a company and manufacturer facts begin with the early years when a motorcycle was not much more than a bicycle with an engine attached to the war efforts of world war i when 15 000 were put into service during the 1920s harley davidson grew into the largest manufacturer in the world and that momentum helped carry it through the great depression and into world war ii postwar development and amf ownership are also covered in detail as well as the restructuring and revival of the brand in recent years whether you re a casual rider racer or restorer harley davidson enthusiasts will be sure to find something in this book for that next conversation with fellow hobbyists this book will keep harley davidson enthusiasts entertained for hours and is a great edition to any motorcycling library p pl margin 0 0px 0 0px 0 0px 0 0px font 12 0px arial

*Cycle World Magazine* a freewheeling essay on mortality and freedom at  
 the intersection of ancient philosophy and biker culture after my  
 accident i thought i was done with bikes until a few years ago i was

lying in bed having trouble sleeping when i heard a voice say to me alan get a harley and ride to death valley i didn t even like harleys and i didn t believe that god had called down and told me to get one it seemed unlikely that the monotheistic god we re stuck with would endorse a brand of motorcycle maybe the pagan gods of antiquity would zeus might have ridden a harley or apollo a bmw you can imagine aphrodite on the back of ares ninja zooming around the planets with a golden thong sticking up over the back of her toga even that twerp hermes on a vespa those gods liked to drink and screw and run around like bikers but not yawheh strictly black limousines and heavy security for that guy thou shalt not ride thou shalt not be free thou shalt pay off the debt of thy sins to eternity so begins one of the salty sharp eyed anecdotes that fill the pages of organ grinder a book length essay written by alan fishbone a motorcycle riding scholar of ancient greek and latin in a series of short pieces inspired by horatian satire fishbone bounces from gonzo fever dream to philosophical treatise investigating the conflicts between idealism and cynicism love and sex body and soul one part plato one part aristophanes two parts easy rider organ grinder is a heady cocktail of lewd wisdom zen and the art of motorcycle maintenance for our own
